

MUSLIN WHEELS - BROWNELLS MUSLIN POLISHING WHEEL, LOOSE, 8" X 20-PLY, 1/2" ARBOR

[Gunsmith Tools](#) > [Metal Prep & Coloring](#) > [Polishing Tools & Accessories](#) > [Polishing Wheels](#)

Mainstay Of Any Polishing Room For Most Polishing Jobs

Spiral Stitched - used primarily for first cleaning operation on the gun with No. 140 Polish-O-Ray™! to knock off old blue, dirt and rust and bring the metal to a bright finish. Also used by some operators instead of Soft Felt wheels - being of a more flexible nature, great care must be exercised to not round edges, or funnel and elongate screw and pin holes. Loose Muslin - used following each change of grit to smooth out grit marks and prepare the surface for the next finer grit. Also used to finish off the gun just prior to bluing. Note: - Use enough sections to make each wheel as wide as your polishing motor will handle - a minimum of three sections to each wheel. Never try to use the same wheel for different grit numbers. After a wheel is broken-in and in use, mark it with the grit number to be used on it and direction of rotation to be turned. Will increase wheel life, give better finishes and save hours of work.

Attributes

- Name: [BROWNELLS MUSLIN POLISHING WHEEL, LOOSE, 8" X 20-PLY, 1/2" ARBOR](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 032820500
- Mfr. No.: 035
- Size: 8
- Style: Loose
- Delivery weight: 1.338kg
- Shipping height: 86mm
- Shipping width: 279mm
- Shipping length: 297mm
- UPC: 050806002944

Safety Instruction Guide for Brownells Muslin Polishing Wheel

Introduction

Thank you for choosing the Brownells Muslin Polishing Wheel. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this guide carefully before using the polishing wheel.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always wear appropriate personal protective equipment (PPE), including safety goggles and gloves, when using the polishing wheel.
- Keep the work area clean and welllit to avoid accidents.
- Ensure that all equipment is properly maintained and in good working condition before use.
- Do not use the polishing wheel if it appears damaged or worn.
- Be aware of your surroundings and keep bystanders at a safe distance while operating the polishing wheel.
- Follow all local regulations and guidelines regarding the use of polishing tools.

Specific Safety Precautions for Use

- **Hazard Identification:** The polishing wheel can produce dust and debris that may be harmful if inhaled or if it comes into contact with skin.
- **Avoiding Hazards:**
 - Always use a dust mask or respirator when polishing to minimize inhalation of dust.
 - Avoid direct skin contact with the polishing wheel and use gloves to protect your hands.
 - Ensure that the polishing wheel is securely attached to the polishing motor before use.
 - Do not exceed the recommended speed for the polishing wheel to prevent accidents.
- **AgeSpecific Warnings:** This product is not intended for use by children. Keep out of reach of children.

Instructions for Installation and Usage

- **Installation:**
 1. Select the appropriate arbor size (1/2", 5/8", 3/4", 7/8", or 1") that fits your polishing motor.
 2. Align the polishing wheel with the arbor and securely attach it to the motor.
 3. Ensure that the wheel is centered and does not wobble before turning on the motor.
- **Usage:**
 - Start the polishing motor and allow it to reach the desired speed before introducing the material to be polished.
 - Use the polishing wheel in a steady motion, applying light pressure to avoid damaging the material.
 - Change the polishing wheel after each grit change to maintain optimal performance.
 - After use, turn off the polishing motor and allow the wheel to come to a complete stop before removing it.

Disposal Instructions

- Dispose of the polishing wheel according to local regulations regarding textile and industrial waste.
- Do not dispose of the wheel in regular household waste.
- Consider recycling options if available in your area.

Contact Information for Further Support

For any safety inquiries or concerns about the Brownells Muslin Polishing Wheel, please refer to the manufacturer's contact information, which can typically be found on their website or product packaging.

By following these safety instructions, you can ensure a safe and effective experience with the Brownells Muslin Polishing Wheel. Thank you for prioritizing safety in your work.
