

REMINGTON 700 OVERSIZED RECOIL LUG - OVERBORE RECOIL LUG FOR REMINGTON 700, 1.75" DIAMETER, SS

[Rifle Parts](#) > [Receiver Parts](#) > [Recoil Parts](#) > [Recoil Lugs](#)

Standard Or .015 Overbore; Easy Installation Without Modifying Stock; Improves Accuracy

Straight, non-tapered recoil lug fits most factory stocks and full-length aluminum bedding blocks without time consuming alterations. Engineered to be slightly thicker than the factory part for added stiffness that prevents flexing for improved accuracy. Surface ground perfectly flat for superior centerline tracking during recoil for consistent accuracy. Standard size matches overall factory bore dimensions, except for thickness. Overbore has the same basic dimensions as the standard size, except bore I.D. is .015" larger to fit barrels with oversized thread dimensions. Gunsmith installation required.

Attributes

Safety Instruction Guide for REMINGTON 700 Oversized Recoil Lug

Introduction

Thank you for choosing the REMINGTON 700 Oversized Recoil Lug. This product is designed to enhance the performance of your firearm by providing added stiffness and improved accuracy. It is essential to follow safety guidelines and instructions to ensure safe and effective use. This guide complies with the EU General Product Safety Regulation (GPSR) to provide you with the necessary information for safe handling, installation, and maintenance.

General Safety Guidelines

- Ensure that the product is suitable for your specific firearm model before installation.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Store the recoil lug in a safe location, away from children and unauthorized users.
- Regularly inspect the recoil lug for signs of wear or damage before each use.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- Avoid using the recoil lug if it shows any signs of damage or wear.
- Ensure that the installation is performed by a qualified gunsmith to avoid improper fitting.
- Do not modify the recoil lug or attempt to alter its dimensions.
- Always wear appropriate eye protection when handling firearms.
- Keep the area clear of bystanders when installing or adjusting the recoil lug.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools for installation, including screwdrivers and wrenches.
- Ensure that your firearm is unloaded and in a safe condition before beginning the installation process.

2. Installation Steps

- Remove the existing recoil lug from your firearm.
- Clean the area where the new recoil lug will be installed to ensure a proper fit.
- Align the new REMINGTON 700 Oversized Recoil Lug with the existing bedding or stock.
- Secure the recoil lug in place according to the specifications provided by your gunsmith.
- Check the fit to ensure there is no movement or play once installed.

3. Usage

- After installation, ensure that the recoil lug is properly secured before using your firearm.
- Test the firearm in a controlled environment to verify that the recoil lug functions correctly.
- Regularly check the installation for any signs of loosening or wear during use.

Disposal Instructions

- Dispose of the recoil lug responsibly in accordance with local regulations.
- If the recoil lug is damaged or no longer in use, do not throw it in regular waste. Instead, contact a local recycling center for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the REMINGTON 700 Oversized Recoil Lug, please refer to the contact information provided on the packaging or product insert. It is important to have access to support for any questions related to safety, installation, or product performance.

Thank you for prioritizing safety and following these guidelines. Enjoy the enhanced performance of your REMINGTON 700 Oversized Recoil Lug.
