REMINGTON 1100/1187 INTERCEPTOR LATCH RETAINER SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the REMINGTON 1100/1187 INTERCEPTOR LATCH RETAINER. This product is designed to improve the performance of your firearm by reducing play in the latch body, ensuring positive operation and enhanced feeding. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always handle firearms with care and follow all safety protocols.
- Ensure that the firearm is unloaded before installing or removing any components.
- Use only the specified thicknesses of the latch retainer as indicated in the product specifications.
- Store this product in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the latch retainer for wear or damage, and replace it if necessary.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that you are familiar with the operation of your firearm before using the latch retainer.
- Do not modify the latch retainer in any way, as this can compromise safety and performance.
- Avoid using the latch retainer in extreme conditions or environments that may affect its integrity.
- Always wear appropriate safety gear when handling firearms, including eye and ear protection.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is completely unloaded.
- Gather the necessary tools for installation, including a screwdriver and any other tools specified in your firearm's manual.

2. Installation:

- Locate the latch area on your firearm.
- Remove the existing latch retainer if applicable, following the manufacturer's instructions.
- Select the appropriate thickness of the latch retainer (available in .025", .030", or .035").
- Align the new latch retainer with the latch body and securely fasten it in place using the appropriate screws or fasteners.

3. Usage:

- After installation, test the latch operation to ensure it functions smoothly.
- Check for any movement or play in the latch body. If any issues arise, consult a qualified gunsmith.

4. PostInstallation Inspection:

- After installing the latch retainer, regularly inspect it for any signs of wear or damage.
- If you notice any issues, remove the latch retainer and replace it with a new one.

Disposal Instructions

- Dispose of any old or damaged latch retainers in accordance with local regulations.
- Do not dispose of the latch retainer in regular household waste; consider recycling options if available.
- Ensure that all components are out of reach of children and pets during disposal.

Contact Information for Further Support

For any questions or concerns regarding the REMINGTON 1100/1187 INTERCEPTOR LATCH RETAINER, please refer to the manufacturer's website or contact the retailer from whom the product was purchased.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of the REMINGTON 1100/1187 INTERCEPTOR LATCH RETAINER. Always prioritize safety and remain informed about best practices for firearm maintenance and operation. Thank you for your attention to these important guidelines.
