

DRILL CHUCKABLE SHOTGUN CLEANING ROD - BROWNELLS DRILL CHUCKABLE SHOTGUN CLEANING ROD 5/16"-27F TPI

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

Mounts To A Hand Drill For Easy Cleaning

One-piece, brass cleaning rod has a 1/4" hex that lets you drive it with your hand drill to power scrub the toughest lead and plastic fouling without damage to the bore. 5/16"-27 female thread accepts standard shotgun accessories. We like to wrap some stainless steel sponge, #080-000-321 around a nylon bore brush; a couple of passes and the bore is clean! Not for use with .410 bore barrels.

Safety Instruction Guide for the DRILL CHUCKABLE SHOTGUN CLEANING ROD

Introduction

Thank you for choosing the DRILL CHUCKABLE SHOTGUN CLEANING ROD by Brownells. This guide provides essential safety information and instructions to ensure safe and effective use of the product. Please read this guide carefully before using the cleaning rod.

General Safety Guidelines

- Always use the cleaning rod in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the cleaning rod before each use. Do not use if damaged.
- Ensure that the cleaning rod is compatible with your shotgun's bore size.
- Avoid using the cleaning rod with .410 bore barrels, as it may not fit properly.
- Report any unsafe conditions or accidents to the appropriate authorities immediately.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- Use the cleaning rod only for its intended purpose: cleaning shotgun barrels.
- Do not apply excessive force when using the cleaning rod with a hand drill.
- Always wear appropriate safety gear, such as safety goggles, when using power tools.
- Avoid using the cleaning rod in wet or damp conditions to prevent slipping.
- Ensure that the cleaning rod is securely attached to the drill before use.
- Be cautious of any debris that may be dislodged during cleaning.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including the cleaning rod, a hand drill, and any cleaning accessories (e.g., nylon bore brush, stainless steel sponge).
- Ensure that your workspace is clean and free of obstructions.

2. Attaching the Cleaning Rod:

- Insert the 1/4" hex end of the cleaning rod into the chuck of your hand drill.
- Tighten the chuck securely to prevent the cleaning rod from slipping during use.

3. Using the Cleaning Rod:

- Select the appropriate cleaning accessory for your shotgun.
- If using a sponge, wrap it around the nylon bore brush.
- Power on the drill and gently insert the cleaning rod into the shotgun bore.
- Use a slow and steady motion to scrub the bore, avoiding excessive pressure.
- After a couple of passes, remove the cleaning rod and inspect the bore for cleanliness.

4. PostUse Care:

- Clean the cleaning rod and any accessories after use to maintain their effectiveness.
- Store the cleaning rod in a dry and safe location, away from children.

Disposal Instructions

- Dispose of the cleaning rod in accordance with local regulations.
- Do not dispose of the cleaning rod in regular household waste if it is damaged or poses a safety hazard.
- Consider recycling the brass material if local facilities allow.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and usage of the DRILL CHUCKABLE SHOTGUN CLEANING ROD, please reach out to the appropriate support channels provided by the manufacturer.

Thank you for your attention to these safety guidelines. By following this guide, you can ensure a safe and effective cleaning experience with your shotgun cleaning rod.
