

NYLON/BRASS DRIFT PUNCH - NYLON PUNCH TIP

[Gunsmith Tools & Supplies](#) > [General Gunsmith Tools](#) > [Punches](#)

6 Indispensable Mar-Proof Punches

Great combination punch for gunsmith, machinist and toolmaker. Hi-impact steel handle with knurled grip for easy holding and accurate control. Built to withstand maximum impact with a minimum of distortion. Interchangeable and replaceable tips are available in: 5/16" Nylon with steel reinforcing pin to prevent bending or breakage while giving completely mar-free punching action; Brass in various diameters for a harder-than-nylon but softer-than-steel impact where slight discoloration is acceptable. Aluminum in two diameters for harder-than-nylon but softer-than-steel impact where slight discoloration is acceptable. Remington shotgun punch tip which is .165" diameter Nylon tip without steel pin which is non-marring used for removing trigger plate pins from 870, 1100 and 1187. Single replaceable non-marring nylon punch with .165 diameter used for removing trigger plate pins from 870, 1100 and 1187. Supplied as: Basic Set with two 5/16" diameter tips (one Nylon, one Brass) and one Handle. 4-Way Set includes four Handles, one 5/16" Nylon Tip; plus one each, 3/16", 1/4" and 5/16" diameter Brass Tips. 6-Way Set adds 1/4" and 5/16" diameter, Aluminum Tips and 2 more handles to the 4-Way Set.

Safety Instruction Guide for NYLON/BRASS DRIFT PUNCH NYLON PUNCH TIP

Introduction

Thank you for choosing the NYLON/BRASS DRIFT PUNCH NYLON PUNCH TIP. This guide provides essential safety instructions and precautions to ensure safe and effective use of the product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always inspect the punch and tips for damage before use.
- Use personal protective equipment (PPE) such as safety glasses and gloves.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not use the punch on materials that it is not designed for, as this may cause breakage or injury.
- Avoid excessive force when using the punch to prevent distortion or damage to the tool.
- Ensure the workpiece is securely clamped or held to prevent movement during use.
- Use the correct tip for the job to minimize the risk of damage to the workpiece and the tool.
- Be cautious of sharp edges and debris when working with the punch.

Instructions for Installation and Usage

1. Selecting the Right Tip:

- Choose the appropriate tip based on the material and application.
- Ensure the tip is securely attached to the handle before use.

2. Using the Punch:

- Position the punch tip on the desired location of the workpiece.
- Hold the punch firmly by the handle with both hands for better control.
- Apply steady pressure to drive the punch into the workpiece.
- Avoid striking the punch with excessive force to prevent tool failure.

3. After Use:

- Clean the punch and tips to remove any debris or residue.
- Store the punch in a dry place to prevent corrosion.
- Inspect the punch and tips regularly for signs of wear or damage.

Disposal Instructions

- Dispose of the product responsibly in accordance with local regulations.
- Do not throw the product in regular household waste.
- Recycle components where possible, following local recycling guidelines.

Contact Information for Further Support

For any safety inquiries or additional support, please consult the product packaging or your retailer for further assistance.
