

PLUG SCREW KIT - BROWNELLS PLUG SCREW REFILL 8-40 STAINLESS STEEL 12 PACK

[Gunsmith Tools](#) > [Small Hardware](#) > [Metal Screws](#)

Plug Most Any Sight Or Scope Mount Hole On Blued & Stainless Steel Firearms

Handy, money saving assortment of positive stop and standard plug screws in the two most popular sizes. Plug screws are a real time saver around the shop. Fast and easy way to fill holes on barrels and firearm receivers. Can be ground flush and blued or polished, and most times it will be tough to tell if a hole was ever there. Positive stop screws have a rounded top that blends right in with most barrel contours without grinding. Kit also includes pair of chrome-plated, flat jaw tweezers to easily pick up the right screw, and our handy Checker/Shortener Jig makes grinding screws to the right length fast and easy.

Safety Instruction Guide for PLUG SCREW KIT BROWNELLS PLUG SCREW REFILL 840 STAINLESS STEEL 12 PACK

Introduction

Thank you for choosing the PLUG SCREW KIT BROWNELLS PLUG SCREW REFILL 840 STAINLESS STEEL 12 PACK. This product is designed to help you efficiently fill holes in barrels and firearm receivers. To ensure safe use and compliance with the EU General Product Safety Regulation (GPSR), please read this safety instruction guide carefully.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as gloves and safety glasses when handling the screws and tools.
- Use the screws only with compatible tools to prevent accidents and injuries.
- Ensure that the work area is clean and welllit to avoid mishaps.
- Do not force screws into materials; ensure proper alignment to avoid breakage.
- Avoid using damaged screws or tools, as they can pose safety risks.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and materials, including the PLUG SCREW KIT and any additional tools required for your specific application.
- Ensure your work area is clean and organized.

2. Selecting the Correct Screw

- Choose the appropriate size and type of plug screw from the kit based on your needs. Refer to the product specifications for guidance.

3. Using the Checker/Shortener Jig

- Use the Checker/Shortener Jig provided in the kit to measure and grind screws to the desired length.
- Follow the jig's instructions carefully to ensure accurate and safe grinding.

4. Installing the Plug Screw

- Align the plug screw with the hole you intend to fill.
- Use a compatible tool to gently insert the screw, ensuring it is not forced into place.
- If necessary, grind the screw flush with the surface for a clean finish.

5. **Finishing Touches**

- After installation, you may choose to blue or polish the area to match the surrounding material.
- Inspect the installation for any irregularities or issues.

Disposal Instructions

- Dispose of any unused or damaged screws and packaging materials in accordance with local waste disposal regulations.
- Do not dispose of screws in regular household waste if they are considered hazardous; check local guidelines for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or additional support regarding the PLUG SCREW KIT BROWNELLS PLUG SCREW REFILL 840 STAINLESS STEEL 12 PACK, please contact the manufacturer or your local distributor.

Thank you for your attention to these safety instructions. Your safety is our priority, and we hope you enjoy using your PLUG SCREW KIT.
