Safety Instruction Guide for CELLUPLASTIC TUBES HANDY SHOP ASSORTMENT

Introduction

Thank you for choosing the CELLUPLASTIC TUBES HANDY SHOP ASSORTMENT by Brownells. These plastic tubes are designed to protect your fine tools from edge chipping and dulling, ensuring their longevity and usability. This guide provides essential safety instructions and precautions to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental injury.
- Regularly inspect the tubes for any signs of damage or wear before use.
- Store the tubes in a cool, dry place to maintain their integrity and performance.
- In case of any accidents or unsafe product experiences, report them to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as gloves and safety glasses when handling sharp tools.
- Avoid using excessive force when inserting or removing tools from the tubes to prevent injury.
- Do not use the tubes for storing substances that are not compatible with polyethylene, such as strong chemicals or corrosive materials.
- Ensure that the polyethylene plug caps are securely fitted to maintain moistureproof conditions.
- Be cautious of the edges of the tubes when cutting them to your desired length; use a sharp utility knife and a stable cutting surface.

Instructions for Installation and Usage

1. Cutting the Tubes:

- Measure the length required for your tools or small parts.
- Use a sharp utility knife to cut the tubes to the desired length. Ensure that you are on a stable surface to prevent accidents.

2. Inserting Tools:

- Gently slide your tool or small part into the tube. Avoid forcing the item to prevent damaging the tube or the item itself.

3. Securing with Caps:

- Once the tool is inside, place the polyethylene plug cap securely on the end of the tube.
- Ensure that the cap is tightly fitted to keep the contents protected from moisture and dirt.

4. Storage:

- Store the tubes upright in a dry area to prevent any accidental falls or damage.
- Avoid stacking heavy items on top of the tubes to maintain their shape and functionality.

Disposal Instructions

- Dispose of the tubes in accordance with local waste disposal regulations.
- If the tubes are damaged or no longer needed, consider recycling them if possible, as they are made from polyethylene, which is recyclable.
- Do not dispose of the tubes in regular household waste if recycling options are available.
