

ACRAGLAS® HARDENER & RESIN - BROWNELLS ACRAGLAS RESIN, 28 OZ

[Gunsmith Tools](#) > [Stock Work & Finishing](#) > [Stock Bedding & Adhesives](#)

Hardener and Resin to restock your Acraglas Kits. Both can be purchased together or individually in various container sizes. The word ACRAGLAS has proven, during the many years it has been used by shooters, to be a true and fair product description. For Acraglas, as its name implies, is an accurizing material designed for the exclusive purpose of making a rifle shoot more accurately. Granted, it is a superior bedding compound used and sold as such by dealers, stock manufacturers and gunsmiths - but the fact remains: its prime purpose is to accurize a rifle. THE AMERICAN RIFLEMAN To quote L.R.W. in the American Rifleman Dope Bag, "Acraglas will be found an excellent preparation to correct poor bedding and the revitalized rifle should respond with considerably better accuracy." "It's a boon for the lazy, too, because if you are inletting a stock blank you simply cut out too much wood all the way around, gob the wood well with Acraglas, put the metal in (properly treated with release agent coming with the kit) and set aside for about 24 hours. When the metal is removed, the result is perfect bedding for the action - good, strong, and reliable bedding it is, too." PROVEN IN THE FIELD As the manufacturers of Acraglas, we cannot help but be very proud, too, of the many individual shooters and teams who have won big bore regional and Perry matches with Acraglassed guns ... and of the hunters who have sent us "before and after" targets made when sighting in their game rifles after using Acraglas. The basic materials used in Acraglas are those developed for the aircraft industry. These we have adapted to gun work.

ACRAGLAS® HARDENER & RESIN SAFETY INSTRUCTIONS

Introduction

Thank you for choosing ACRAGLAS® HARDENER & RESIN by Brownells. This product is designed to enhance the accuracy of your rifle through effective bedding. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Always handle the product in a wellventilated area to avoid inhaling fumes.
- Wear appropriate personal protective equipment (PPE), including gloves and safety goggles, to prevent skin and eye contact.
- Keep the product out of reach of children and pets.
- Store the product in a cool, dry place away from direct sunlight and heat sources.
- Dispose of any unused product and containers in accordance with local regulations.

Specific Safety Precautions for Use

- Before using ACRAGLAS® HARDENER & RESIN, ensure you are familiar with the application process.
- Avoid direct contact with skin and eyes. In case of contact, rinse immediately with plenty of water and seek medical attention if irritation persists.
- Do not ingest the product. If ingested, seek medical attention immediately.
- Do not mix with other chemicals unless specified in the instructions.
- Use only as directed for bedding applications. Misuse may result in ineffective results or safety hazards.

Instructions for Installation and Usage

1. Preparation:

- Ensure the rifle stock and metal components are clean and free from oil or debris.
- Gather all necessary tools and materials, including the ACRAGLAS® HARDENER & RESIN, mixing container, and applicator.

2. Mixing:

- In a wellventilated area, carefully measure equal parts of the hardener and resin.
- Mix thoroughly until a uniform consistency is achieved. Avoid air bubbles during mixing.

3. Application:

- Apply the mixed Acraglas generously to the bedding area of the rifle stock.
- Insert the metal components into the bedding area and ensure proper alignment.

4. Curing:

- Allow the Acraglas to cure undisturbed for at least 24 hours. Do not move or disturb the setup during this time.

5. Finishing:

- After curing, carefully remove the metal components.
- Inspect the bedding for any imperfections and sand down if necessary.

Disposal Instructions

- Dispose of any leftover Acraglas and containers in accordance with local hazardous waste disposal regulations.
- Do not pour leftover product down the drain or dispose of it in regular household waste.

Contact Information for Further Support

For any safety inquiries or further support related to ACRAGLAS® HARDENER & RESIN, please contact your local distributor or refer to the product packaging for additional resources.

By following these safety instructions, you can ensure a safe and effective experience with ACRAGLAS® HARDENER & RESIN. Always prioritize safety and consult professionals if you have any doubts regarding the application or handling of this product.
