

# STEEL WHITE RUST & BLUE REMOVER, 1 QUART (32OZ)

[Gunsmith Tools & Supplies](#) > [Metal Prep & Coloring](#) > [Pre-Finish Surface Prep](#)

## THE SAFER, 2nd GENERATION RUST AND BLUE REMOVER Attacks The Rust, Not The Steel-pH Neutral, Non-Toxic- Contains No Hazardous Components

Effectively removes heavy rust, scale and bluing without damaging your expensive firearms or parts, because it attacks the rust, not the base metal. Works great on both steel and cast iron without dangerous fumes; does not cause hydrogen embrittlement. pH neutral solution won't eat your clothing or bench. Does not attack softer metals like brass, copper, zinc or aluminum so there's no need to remove inlays, sight beads or solder-on ribs before immersion. Highly concentrated liquid really saves money. One gallon of Brownells Steel White can be diluted with water to make up to 20 gallons of safe, economical, rust and blue removing solution. Removes light rust and bluing in as little as 5 minutes; immerse in solution longer for heavier rust or scale. Works great at room temperature but can be heated to 120° F. to increase speed of rust removal. Per instructions use 5 to 1 ratio for heavy rust.

## Attributes

- Name: [STEEL WHITE RUST & BLUE REMOVER, 1 QUART \(32OZ\)](#)
- Manufacturer: [BROWNELLS](#)
- Product no.: 082055032

# Safety Instruction Guide for STEEL WHITE RUST &amp; BLUE REMOVER

## Introduction

Thank you for choosing STEEL WHITE RUST &amp; BLUE REMOVER. This product is designed to effectively remove heavy rust, scale, and bluing from firearms and parts without damaging them. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always use personal protective equipment (PPE) such as gloves and safety goggles when handling this product.
- Ensure good ventilation in the area where the product is used to avoid inhaling fumes.
- Keep the product out of reach of children and pets.
- Do not use the product for any purpose other than its intended use.
- Check for updates on product recalls or safety alerts via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Avoid contact with skin and eyes. In case of contact, rinse immediately with plenty of water and seek medical attention if irritation persists.
- Do not ingest the product. If swallowed, seek medical help immediately.
- Do not mix with other chemicals or cleaners unless specified in the instructions.
- Store the product in its original container, tightly closed, and in a cool, dry place away from sunlight.
- Dispose of any unused product or waste according to local regulations.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the area is wellventilated.
- Wear appropriate PPE (gloves, goggles).
- Gather all necessary materials (container for immersion, water for dilution).

### 2. Dilution:

- For heavy rust, use a 5:1 ratio of STEEL WHITE to water.
- For lighter rust, the solution can be diluted further as needed.

### 3. Application:

- Immerse the rusted item in the solution.
- For light rust and bluing, immersion may take as little as 5 minutes.
- For heavier rust or scale, extend immersion time as necessary.

### 4. Temperature:

- The solution works effectively at room temperature but can be heated to a maximum of 120° F to increase rust removal speed.

### 5. PostApplication:

- After immersion, rinse the item thoroughly with water.

- Dry the item completely before further handling or storage.

## Disposal Instructions

- Dispose of the product according to local waste disposal regulations.
- Do not pour the product down the drain or into the environment.
- Ensure that any containers used for dilution or application are cleaned and disposed of properly.

## Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the contact information provided on the product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective experience with STEEL WHITE RUST & BLUE REMOVER. Thank you for your attention to safety!
