

BLACK IRON SCREEN WIRE - SCREEN WIRE, BLACK IRON

[Gunsmith Tools & Supplies](#) > [Metal Prep & Coloring](#) > [Metal Bluing](#) > [Bluing Tank Baskets](#)

Ideal For Small Parts Baskets-Won't Injure Bath

Line our Bluing Parts Basket with this black iron screen wire, to make a well supported, small parts basket with enough room to hold many, many small parts and not lose them into the bath. Easily cut with snips and folded to shape. The mesh is large enough to let the bluing solution circulate, yet small enough to keep pins and screws from falling through. Pure, uncoated wire, won't contaminate your bath.

BLACK IRON SCREEN WIRE SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the BLACK IRON SCREEN WIRE. This product is designed to help you create a well-supported parts basket for bluing applications. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure safe use of the BLACK IRON SCREEN WIRE by following these guidelines:
 - Always inspect the screen wire for any damage before use.
 - Store the product in a dry place to prevent rust and deterioration.
 - Keep the product out of reach of children and vulnerable individuals.
 - Use the product only for its intended purpose as outlined in this guide.
 - Follow all local regulations regarding the disposal of metal products.

Specific Safety Precautions for Use

- When using the BLACK IRON SCREEN WIRE, please adhere to the following safety precautions:
 - Wear appropriate personal protective equipment (PPE), such as gloves and safety goggles, to prevent injury from sharp edges.
 - Avoid bending the wire excessively to prevent breakage.
 - Do not expose the wire to extreme temperatures or corrosive substances.
 - Ensure that the wire is securely fastened and positioned to prevent accidents during use.
 - Be cautious of sharp edges when cutting the wire to shape.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including the BLACK IRON SCREEN WIRE, snips, and any other tools required.

2. Cutting the Wire:

- Use snips to cut the BLACK IRON SCREEN WIRE to the desired dimensions. Ensure you cut away from your body and keep fingers clear of the cutting area.

3. Shaping the Wire:

- Gently fold the cut wire to form the shape of your parts basket. Use caution to avoid sharp edges.

4. Placement in the Bluing Tank:

- Position the shaped wire inside the bluing tank, ensuring it is stable and secure. The mesh should allow the bluing solution to circulate freely while keeping small parts contained.

5. PostUse Care:

- After using the wire, rinse it thoroughly to remove any bluing solution residues. Dry completely before storing.

Disposal Instructions

- When it is time to dispose of the BLACK IRON SCREEN WIRE:
 - Check local regulations for metal disposal.
 - If the wire is damaged or no longer usable, recycle it according to local metal recycling guidelines.
 - Do not dispose of the wire in regular household waste.

Contact Information for Further Support

- For any safety inquiries or concerns regarding the BLACK IRON SCREEN WIRE, please contact the manufacturer or retailer from whom you purchased the product. Ensure that you have the product details available for reference.

By following these safety instructions, you can ensure a safe and effective experience with the BLACK IRON SCREEN WIRE. Always prioritize safety and adhere to the guidelines outlined in this document. Thank you for your attention to these important safety measures.
