

# DESI PAK® - DESI PAK MOISTURE ABSORBER, 2 EACH, 3 PACK

[Gunsmith Tools & Supplies](#) > [Shop Accessories & Supplies](#) > [Gun Storage Materials](#) > [Moisture Absorbent Packs](#)

## Moisture Control For Gun Safes & Storage

Absorbs the moisture near your guns; when it gets "full", just bake it in an oven to get the moisture out, then reuse. Big bulk paks to handle gun safes and long term applications. No fancy containers or packaging, just the "stuff" ready to put to work.

# DESI PAK® MOISTURE ABSORBER Safety Instructions

## Introduction

Thank you for choosing the DESI PAK® MOISTURE ABSORBER. This product is designed to effectively absorb moisture, helping to protect your valuable items, such as firearms, from the damaging effects of humidity. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always use the product as directed.
- Keep the product out of reach of children and pets.
- Avoid using the product near food or drink.
- Do not ingest or apply the product to the skin.
- Inspect the product regularly for any signs of damage or wear.
- If you notice any unusual odor or discoloration, discontinue use immediately and contact the manufacturer.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the area where the product is used is wellventilated.
- Do not expose the product to open flames or extreme heat.
- Avoid placing the product in areas where it may be knocked over or damaged.
- Store the product in a cool, dry place when not in use.
- Do not attempt to modify or repair the product.

## Instructions for Installation and Usage

### 1. Placement:

- Place the DESI PAK® MOISTURE ABSORBER in the desired location, such as a gun safe or storage area.
- Ensure that it is positioned securely and cannot fall.

### 2. Monitoring:

- Regularly check the humidity indicator included with the product to assess moisture levels.
- When the indicator shows that the product is "full," it is time to reactivate it.

### 3. Reactivation:

- Preheat your oven to 200°F (93°C).
- Place the DESI PAK® in the oven for approximately 2 hours to remove absorbed moisture.
- Allow the product to cool completely before handling.

### 4. Reuse:

- After reactivation, the DESI PAK® is ready to be used again.
- Store it in a dry place until needed.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not throw the product in regular household waste if it is damaged or no longer functional.
- Contact your local waste management authority for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the DESI PAK® MOISTURE ABSORBER, please refer to the product packaging for the manufacturer's contact details. It is important to have this information readily available for inquiries related to safety or product performance.

By following these safety instructions, you can ensure a safe and effective experience with the DESI PAK® MOISTURE ABSORBER. Thank you for your attention to these guidelines, and enjoy the benefits of your new moisture absorber.
