

HEAVY-DUTY PATCHES - BROWNELLS HEAVY DUTY SQUARE COTTON PATCHES, 2.5" .35CAL/20 GA, 1000 PK

[Gun Cleaning & Chemicals](#) > [Patches & Mops](#) > [Bore Patches](#)

A Thousand Times Better Than Synthetic Patches

No more doubling up on patches when you tackle those really dirty bores. Made from a double-thick, soft-napped, 100% cotton, Canton flannel to hold more solvent and absorb more fouling without using twice as many patches. Same size selection, shipping weight and premium quality as our standard Bulk Cleaning Patches.

Safety Instruction Guide for HEAVYDUTY PATCHES BROWNELLS HEAVY DUTY SQUARE COTTON PATCHES, 2.5" .35CAL/20 GA, 1000 PK

Introduction

Thank you for choosing the HEAVYDUTY PATCHES BROWNELLS HEAVY DUTY SQUARE COTTON PATCHES. These patches are designed for effective cleaning of bores in rifles and shotguns, made from highquality materials to enhance your cleaning experience. This safety instruction guide provides essential information to ensure safe usage and compliance with EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the product is used only for its intended purpose—cleaning firearm bores.
- Keep the patches out of reach of children and vulnerable individuals to prevent accidental ingestion or misuse.
- Regularly inspect the patches for any signs of damage or wear before use.
- Avoid using the patches near open flames or high temperatures, as they are made of cotton.
- Report any unsafe product experiences or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use patches that are appropriate for the caliber of your firearm to ensure effective cleaning.
- Do not exceed the recommended number of patches for cleaning, as this can lead to ineffective cleaning and potential firearm damage.
- Always follow manufacturer instructions for cleaning solvents and avoid using incompatible chemicals that may damage the patches or your firearm.
- Ensure that the firearm is unloaded and pointed in a safe direction before starting the cleaning process.
- Wear protective eyewear when using solvents or cleaning agents to prevent splashes.

Instructions for Installation and Usage

1. Preparation:

- Ensure your workspace is clean and wellventilated.
- Gather all necessary tools, including cleaning rods, solvents, and patches.

2. Loading the Patch:

- Take one HEAVYDUTY PATCH and place it on the cleaning rod.
- Ensure the patch is securely attached to prevent it from coming loose during use.

3. Applying Solvent:

- Apply an appropriate cleaning solvent to the patch before inserting it into the bore.
- Follow the solvent manufacturer's instructions for the correct amount to use.

4. Cleaning Procedure:

- Insert the patch into the bore and push it through gently.
- Repeat the process as necessary, using fresh patches until the bore is clean.

5. PostCleaning:

- Dispose of used patches properly. Do not flush them down the toilet or dispose of them in a manner that could harm the environment.
- Clean your cleaning tools after use to maintain their effectiveness.

Disposal Instructions

- Dispose of used patches in accordance with local waste disposal regulations.
- Do not incinerate, as this may release harmful substances.
- Consider recycling options if available in your area.

Contact Information for Further Support

For any inquiries regarding safety or productrelated questions, please refer to the contact information provided on the product packaging or the manufacturer's official website. Always ensure that you are in compliance with local regulations regarding the use and disposal of cleaning products and materials.

Thank you for following these safety guidelines and for choosing our HEAVYDUTY PATCHES. Your safety and satisfaction are our top priorities.
