

1720 PROTECTOR GUN CASE - RIFLE CASE

[Shooting Accessories](#) > [Gun Storage](#) > [Gun Cases](#)

Unbreakable Hard Shell Protects Your Guns From Dust, Water & Shock

Super-tough, lightweight hardshell cases protect your valuable guns from just about any punishment you can dish up, from everyday bangs and dings to the rigors of tactical operations. These cases even float, so a gun overboard isn't lost for good. The outer shell of high impact, polypropylene structural resin has an open-cell core and solid walls to safeguard the guns inside from dust, water, and many chemicals. High-density polyurethane foam inside protects them from vibration and shock. A tongue-and-groove lid with a neoprene sponge O-ring provides an airtight, waterproof seal, while the unique, one-way automatic purge valve equalizes pressure inside for ease in closing the lid. Easy-opening ABS polymer latches lock up good and tight when you want them to; molded-in loops accept padlocks (locks not included) for added security. Long-wearing, stainless steel pins in the hinges and handles provide years of trouble-free service. These cases meet MIL-STD 4150J and have an Ingress Protection rating of IP-67. Rifle Case holds rifles or shotguns up to 42" long, with extra space for handguns, magazines, or other accessories. Durable, polyurethane transport wheels with nylon hubs and steel bearings make this case easy to transport, and it's stackable for easy storage.

Attributes

- Name: [RIFLE CASE](#)
- Manufacturer: [PELICAN](#)
- Product no.: 100002324
- Mfr. No.: 017200-0000-110

Safety Instructions for the 1720 Protector Gun Case

Introduction

Thank you for choosing the 1720 Protector Gun Case. This guide provides essential safety instructions to ensure the safe use and maintenance of your gun case. Please read this document carefully to understand how to protect yourself and your equipment.

General Safety Guidelines

- Ensure the case is used only for the intended purpose of storing and transporting firearms and related accessories.
- Always check for any visible damage to the case before use. Do not use if damaged.
- Keep the case out of reach of children and unauthorized individuals.
- Regularly inspect the seals and latches to ensure they are functioning properly.
- Do not exceed the weight limit of the case, as specified in the product specifications.
- Store the case in a cool, dry place away from direct sunlight and extreme temperatures.

Specific Safety Precautions for Use

- When transporting firearms, ensure they are unloaded and securely stored within the case.
- Use padlocks (not included) for added security when the case is not in use.
- Avoid placing heavy objects on top of the case to prevent deformation or damage.
- Do not expose the case to harsh chemicals or solvents that may degrade the materials.
- Ensure that the oneway automatic purge valve is functioning correctly to prevent pressure buildup.

Instructions for Installation and Usage

1. Opening the Case:

- Release the ABS polymer latches by pressing the release mechanism.
- Lift the lid carefully, ensuring it is fully opened before placing items inside.

2. Storing Firearms:

- Place firearms in the case, ensuring they are wellpadded by the highdensity polyurethane foam.
- Use the designated spaces for additional accessories, such as handguns and magazines.

3. Securing the Case:

- Close the lid firmly and ensure the tongueandgroove design is properly aligned.
- Engage the latches securely to lock the case.

4. Transporting the Case:

- Use the durable polyurethane transport wheels for easy movement.
- Ensure the case is balanced and does not exceed the recommended weight limit.

5. Cleaning and Maintenance:

- Wipe the exterior with a damp cloth to remove dirt and debris.
- Inspect the foam interior regularly and replace if necessary due to wear or damage.

Disposal Instructions

- Dispose of the case in accordance with local regulations concerning plastic and composite materials.
- If the case is damaged beyond repair, consider recycling the materials where possible.
- Do not incinerate the case, as it may release harmful substances.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product recalls, please refer to the EU Safety Gate platform or your local consumer protection authority for guidance.

Important Note: Always stay informed about product recalls and safety notices through official channels to ensure continued safety in the use of your 1720 Protector Gun Case.
