

ENHANCED SLIDE STOP for GLOCK® - TANGODOWN ENHANCED SLIDE STOP

[Handgun Parts](#) > [Frame Parts](#) > [Slide Catch Parts](#) > [Slide Catches](#)

Optimum Shape To Ensure Positive Thumb Contact

Redesigned thumb pad places the pad slightly forward of the factory position, so your thumb gets to it quicker and returns the pistol to battery faster. Pad is shaped to aid in positive contact to help prevent accidental slide stop engagement, even when you're wearing gloves. Stamped and formed from durable 4130 steel, then treated with a special hardcoat finish that resists rust and wear.

"GLOCK" is a federally registered trademark of Glock, Inc. and is one of many trademarks owned by Glock, Inc. or Glock Ges.m.b.H. Brownells is an independent dealer of parts and accessories for Glock pistols, and is not affiliated with or endorsed by Glock, Inc. or Glock Ges.m.b.H. The use of Glock on this page is merely to advertise the sale of Glock parts or components. As indicated in the product descriptions, not all parts and accessories on this site are official Glock products.

Safety Instructions for the Enhanced Slide Stop for Glock®

Introduction

Thank you for choosing the Enhanced Slide Stop for your Glock® firearm. This product has been designed to improve the functionality and safety of your weapon. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle firearms with care and respect. Treat every firearm as if it is loaded.
- Ensure that you are in a safe environment when handling your firearm.
- Keep this product out of reach of children and unauthorized persons.
- Familiarize yourself with your firearm's manual and safety features before installation and use.
- Always wear appropriate safety equipment, including eye protection, when handling firearms.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure the firearm is unloaded before installing or handling the Enhanced Slide Stop.
- Do not attempt to modify the Enhanced Slide Stop. Alterations may lead to unsafe conditions.
- Use only the recommended models listed in the product specifications for installation.
- If you experience any malfunction or abnormal operation, discontinue use immediately and consult a qualified gunsmith.
- Be aware that wearing gloves may affect your grip and control. Practice using the slide stop with gloves to ensure familiarity.

Instructions for Installation and Usage

1. Installation

- Ensure the firearm is completely unloaded.
- Remove the factory slide stop from the firearm using appropriate tools.
- Align the Enhanced Slide Stop with the slide stop notch on your Glock®.
- Securely install the Enhanced Slide Stop, ensuring it is properly seated.
- Replace any necessary components, such as springs, as per the product specifications.
- Test the functionality of the slide stop before using the firearm.

2. Usage

- When using the Enhanced Slide Stop, place your thumb on the redesigned thumb pad for quick access.
- Practice the operation of the slide stop to ensure smooth and efficient use during shooting.
- Always check that the slide returns to battery properly after engaging the slide stop.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the Enhanced Slide Stop is damaged or no longer functional, dispose of it in a manner consistent with local hazardous waste regulations.
- Do not discard firearms or firearm components in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the Enhanced Slide Stop, please refer to the manufacturer's contact information provided with your product packaging. Ensure that you have your product details available when reaching out for support.

Thank you for prioritizing safety and responsible firearm handling. Enjoy your enhanced shooting experience!
