

# TURBO SONIC POWER PROFESSIONAL ULTRASONIC CLEANER - LYMAN POWER PROFESSIONAL TURBO SONIC CLEANER

[Gun Cleaning & Chemicals](#) > [Professional Cleaning Systems](#) > [Ultrasonic Cleaning Solutions](#)

Turbo Sonic Power Professional Ultrasonic Cleaner Lyman has introduced the market's largest and most powerful ultrasonic cleaning system: The Turbo Sonic Power Pro. This system's extra long, heated tank and ten powerful industrial transducers allow gunsmiths, armorers or any shooter to quickly and easily clean, lubricate and protect the widest range of metal items. Designed for high volume cleaning or for larger than normal items, the new Turbo Sonic Power Pro's 34-3/4" heated stainless steel tank can easily handle most barreled actions, upper receivers, as well as quantities of handguns. The powerful industrial transducers aggressively deep clean and degrease items, both inside and out. In fact, the Power Pro is such an effective cleaner that Lyman recommends that cleaned parts immediately be ultrasonically treated with Lyman's Turbo Sonic Gun Lube. Changing from cleaning to lubrication is easy with the built in drain system. Designed for volume professional usage, the Power Pro features an all stainless design and professional controls. For complete control of the process, the Power Pro has both a timer and an adjustable heat control. Temperatures up to 175 degrees can be selected. Turbo Sonic "Power Pro" Accessory Lube Tank Now, users of Lyman's industrial strength Power Pro ultrasonic cleaner can easily and completely lube parts without draining the cleaning solution from the unit. This rugged, stainless tank is designed to sit in the Power Pro's cleaning tank which remains filled with cleaner. The unit's powerful ultrasonic action is transmitted through the cleaning solution into the accessory tank filled with lube. No tank draining or cleaning is required. Thoughtfully designed, the accessory tank's side support brackets and large handles make fast installation and removal easy. This new accessory tank makes the transition from cleaning to lubrication fast and trouble-free resulting in huge time savings. A perfect and necessary accessory for the Power Pro Ultrasonic Cleaner. Allows deep ultrasonic cleaning and sonic lubrication in the same unit. Allows firearms to be lubricated without draining cleaning solution. Side brackets support the accessory tank allowing it to sit in the cleaning solution, transferring the ultrasonic action to the lube. Tough, welded metal construction. Large handles make moving the tank easy. Huge time savings when cleaning multiple firearms

## Attributes

# Turbo Sonic Power Professional Ultrasonic Cleaner Safety Instructions

## Introduction

Thank you for choosing the Turbo Sonic Power Professional Ultrasonic Cleaner. This advanced cleaning system is designed to provide efficient and effective cleaning for a variety of metal items. To ensure safe and effective use, please read and follow these safety instructions carefully.

## General Safety Guidelines

- **Product Safety:** This product is designed to be safe for use. However, it is essential to follow all safety guidelines to minimize risks associated with ultrasonic cleaning.
- **Enhanced Recalls:** In the unlikely event of a product recall, you will receive standardized notices. Please stay informed about potential recalls.
- **Online Shopping:** When purchasing online, ensure that the retailer complies with safety requirements similar to physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of children and vulnerable individuals.
- **EU Contact Point:** For any safety inquiries, please refer to the product packaging for the EU-based contact information.
- **Rapid Alerts:** Stay updated on product safety through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Electrical Safety:**
  - Ensure the unit is connected to a properly grounded outlet.
  - Do not use the cleaner with wet hands or in damp areas.
- **Chemical Safety:**
  - Use only recommended cleaning solutions. Avoid using flammable or corrosive substances.
  - Always read and follow the safety instructions on cleaning solution labels.
- **Heat Safety:**
  - The unit can reach temperatures up to 175 degrees Fahrenheit (80 degrees Celsius). Use caution when handling.
- **Mechanical Safety:**
  - Do not place your hands or any body parts inside the tank while the unit is operating.
  - Ensure that the tank is securely closed before operation.
- **General Use:**
  - Do not overload the tank beyond the specified capacity.
  - Always supervise the unit while in operation.

## Instructions for Installation and Usage

### Installation

1. **Unpack the Unit:** Carefully remove the Turbo Sonic Power Professional Ultrasonic Cleaner from its packaging.
2. **Placement:** Place the unit on a stable, dry surface away from direct sunlight and heat sources.
3. **Connect Power:** Plug the unit into a properly grounded electrical outlet.

### Usage

1. **Fill the Tank:**
  - Fill the tank with the recommended cleaning solution up to the appropriate fill line.

- Do not exceed the maximum fill line to avoid overflow.
- 2. **Set Temperature and Timer:**
  - Turn on the unit and set the desired temperature and timer using the control panel.
  - The timer can be set between 1 to 20 minutes.
- 3. **Insert Items:**
  - Place items to be cleaned in the tank, ensuring they are fully submerged in the cleaning solution.
  - Do not place items directly on the bottom of the tank; use a basket if necessary.
- 4. **Start Cleaning:**
  - Press the start button to begin the cleaning cycle.
  - Monitor the unit during operation.
- 5. **End of Cycle:**
  - Once the timer goes off, the unit will automatically stop. Carefully remove the items from the tank.
  - Allow the items to cool before handling.

## Disposal Instructions

- **Cleaning Solutions:** Dispose of used cleaning solutions according to local regulations. Do not pour down the drain unless permitted.
- **Unit Disposal:** When disposing of the unit, follow local electronic waste disposal regulations to ensure environmentally responsible disposal.

## Contact Information for Further Support

For assistance or inquiries regarding the Turbo Sonic Power Professional Ultrasonic Cleaner, please refer to the contact information provided on the product packaging or your purchase receipt.

Thank you for your attention to these safety instructions. Proper use and care will ensure the longevity and effectiveness of your Turbo Sonic Power Professional Ultrasonic Cleaner.
