

# TURBO SONIC POWER PROFESSIONAL ULTRASONIC CLEANER - 1 GALLON TURBOSONIC STEEL CLEANER

[Gun Cleaning & Chemicals](#) > [Professional Cleaning Systems](#) > [Ultrasonic Cleaning Kits](#)

Turbo Sonic Power Professional Ultrasonic Cleaner Lyman has introduced the market's largest and most powerful ultrasonic cleaning system: The Turbo Sonic Power Pro. This system's extra long, heated tank and ten powerful industrial transducers allow gunsmiths, armorers or any shooter to quickly and easily clean, lubricate and protect the widest range of metal items. Designed for high volume cleaning or for larger than normal items, the new Turbo Sonic Power Pro's 34-3/4" heated stainless steel tank can easily handle most barreled actions, upper receivers, as well as quantities of handguns. The powerful industrial transducers aggressively deep clean and degrease items, both inside and out. In fact, the Power Pro is such an effective cleaner that Lyman recommends that cleaned parts immediately be ultrasonically treated with Lyman's Turbo Sonic Gun Lube. Changing from cleaning to lubrication is easy with the built in drain system. Designed for volume professional usage, the Power Pro features an all stainless design and professional controls. For complete control of the process, the Power Pro has both a timer and an adjustable heat control. Temperatures up to 175 degrees can be selected. Turbo Sonic "Power Pro" Accessory Lube Tank Now, users of Lyman's industrial strength Power Pro ultrasonic cleaner can easily and completely lube parts without draining the cleaning solution from the unit. This rugged, stainless tank is designed to sit in the Power Pro's cleaning tank which remains filled with cleaner. The unit's powerful ultrasonic action is transmitted through the cleaning solution into the accessory tank filled with lube. No tank draining or cleaning is required. Thoughtfully designed, the accessory tank's side support brackets and large handles make fast installation and removal easy. This new accessory tank makes the transition from cleaning to lubrication fast and trouble-free resulting in huge time savings. A perfect and necessary accessory for the Power Pro Ultrasonic Cleaner. Allows deep ultrasonic cleaning and sonic lubrication in the same unit. Allows firearms to be lubricated without draining cleaning solution. Side brackets support the accessory tank allowing it to sit in the cleaning solution, transferring the ultrasonic action to the lube. Tough, welded metal construction. Large handles make moving the tank easy. Huge time savings when cleaning multiple firearms

## Attributes

- Name: [1 GALLON TURBOSONIC STEEL CLEANER](#)
- Manufacturer: [LYMAN](#)
- Product no.: 100011588
- Mfr. No.: 7631736
- Size: 1 gal
- Delivery weight: 4.198kg
- Shipping height: 762mm
- Shipping width: 152mm
- Shipping length: 310mm
- UPC: 011516717368

# Safety Instruction Guide for Turbo Sonic Power Professional Ultrasonic Cleaner

## Introduction

Thank you for choosing the Turbo Sonic Power Professional Ultrasonic Cleaner. This guide provides essential safety instructions to ensure safe and effective use of your ultrasonic cleaner. Please read and follow these instructions carefully to avoid hazards and ensure optimal performance.

## General Safety Guidelines

- Always use the product according to the manufacturer's instructions.
- Keep the device out of reach of children and vulnerable individuals.
- Ensure the cleaner is placed on a stable, flat surface to prevent spills or tipping.
- Do not operate the cleaner if it is damaged or malfunctioning.
- Avoid using the cleaner in wet or damp environments.
- Always supervise the unit when in use, especially around children and pets.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about product recalls via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Electrical Safety:**
  - Ensure the cleaner is plugged into a properly grounded outlet.
  - Do not use extension cords that may not support the power requirements.
  - Avoid contact with water while the unit is plugged in.
- **Chemical Safety:**
  - Use only recommended cleaning solutions compatible with ultrasonic cleaning.
  - Avoid mixing different cleaning agents, as this may produce harmful reactions.
  - Always wear protective gloves when handling cleaning solutions.
- **Operational Safety:**
  - Do not exceed the recommended temperature settings.
  - Avoid placing items in the tank that are not suitable for ultrasonic cleaning.
  - Do not operate the cleaner with the lid open.

## Instructions for Installation and Usage

### 1. Installation:

- Place the ultrasonic cleaner on a level surface away from direct sunlight and heat sources.
- Ensure the unit is clean and dry before use.
- Fill the tank with the appropriate cleaning solution, ensuring it does not exceed the maximum fill line.

### 2. Usage:

- Plug the unit into a suitable electrical outlet.
- Set the desired temperature using the adjustable heat control.

- Set the timer according to the cleaning requirements (1 to 20 minutes).
- Place items to be cleaned in the tank, ensuring they are fully submerged.
- Close the lid securely before starting the cleaning cycle.
- Once the cycle is complete, carefully remove items using protective gloves.
- Drain the cleaning solution using the builtin drain system.

### **3. PostUsage Care:**

- Clean the tank after each use to prevent residue buildup.
- Store the cleaner in a dry place when not in use.

## **Disposal Instructions**

- Dispose of any used cleaning solutions according to local regulations.
- Recycle the unit according to local electronic waste disposal guidelines.
- Do not dispose of the unit with regular household waste.

## **Contact Information for Further Support**

For further support or inquiries regarding safety and usage, please refer to the manufacturer's contact information provided in the product packaging or user manual.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Turbo Sonic Power Professional Ultrasonic Cleaner. Thank you for your attention to safety!
