

# TURBO SONIC POWER PROFESSIONAL ULTRASONIC CLEANER - 1 GALLON TURBOSONIC GUN LUBE

Turbo Sonic Power Professional Ultrasonic Cleaner Lyman has introduced the market's largest and most powerful ultrasonic cleaning system: The Turbo Sonic Power Pro. This system's extra long, heated tank and ten powerful industrial transducers allow gunsmiths, armorers or any shooter to quickly and easily clean, lubricate and protect the widest range of metal items. Designed for high volume cleaning or for larger than normal items, the new Turbo Sonic Power Pro's 34-3/4" heated stainless steel tank can easily handle most barreled actions, upper receivers, as well as quantities of handguns. The powerful industrial transducers aggressively deep clean and degrease items, both inside and out. In fact, the Power Pro is such an effective cleaner that Lyman recommends that cleaned parts immediately be ultrasonically treated with Lyman's Turbo Sonic Gun Lube. Changing from cleaning to lubrication is easy with the built in drain system. Designed for volume professional usage, the Power Pro features an all stainless design and professional controls. For complete control of the process, the Power Pro has both a timer and an adjustable heat control. Temperatures up to 175 degrees can be selected. Turbo Sonic "Power Pro" Accessory Lube Tank Now, users of Lyman's industrial strength Power Pro ultrasonic cleaner can easily and completely lube parts without draining the cleaning solution from the unit. This rugged, stainless tank is designed to sit in the Power Pro's cleaning tank which remains filled with cleaner. The unit's powerful ultrasonic action is transmitted through the cleaning solution into the accessory tank filled with lube. No tank draining or cleaning is required. Thoughtfully designed, the accessory tank's side support brackets and large handles make fast installation and removal easy. This new accessory tank makes the transition from cleaning to lubrication fast and trouble-free resulting in huge time savings. A perfect and necessary accessory for the Power Pro Ultrasonic Cleaner. Allows deep ultrasonic cleaning and sonic lubrication in the same unit. Allows firearms to be lubricated without draining cleaning solution. Side brackets support the accessory tank allowing it to sit in the cleaning solution, transferring the ultrasonic action to the lube. Tough, welded metal construction. Large handles make moving the tank easy. Huge time savings when cleaning multiple firearms

## Attributes

- Name: 1 GALLON TURBOSONIC GUN LUBE
- Manufacturer: LYMAN
- Product no.: 100011589
- Mfr. No.: 7631735
- Size: 1 gal
- Delivery weight: 3.528kg
- Shipping height: 762mm
- Shipping width: 184mm
- Shipping length: 279mm
- UPC: 011516717351

# Safety Instruction Guide for Turbo Sonic Power Professional Ultrasonic Cleaner

## Introduction

Thank you for choosing the Turbo Sonic Power Professional Ultrasonic Cleaner. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before operating the cleaner to prevent accidents and ensure optimal performance.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose as described in the product specifications.
- Always follow the manufacturer's instructions for safe usage.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for any signs of wear or damage before use.
- If the product is damaged, do not use it and contact the manufacturer for support.
- Use the product in a wellventilated area to avoid the accumulation of harmful vapors.
- Do not operate the unit without the cleaning solution as specified in the instructions.
- Always unplug the unit when not in use or before performing maintenance.

## Specific Safety Precautions for Use

- Do not exceed the recommended temperature settings while using the ultrasonic cleaner.
- Avoid direct contact with the cleaning solution; wear protective gloves if necessary.
- Ensure that all items placed in the cleaning tank are suitable for ultrasonic cleaning.
- Do not place any items that are not recommended by the manufacturer in the tank.
- Be cautious of hot surfaces, especially the tank and any components that may have heated during use.
- Never immerse the power cord or plug in water or any other liquid.
- Do not block the ventilation openings when the unit is in operation.
- If you experience any unusual sounds or smells, discontinue use immediately and seek assistance.

## Instructions for Installation and Usage

## 1. Installation

- Place the Turbo Sonic Power Professional Ultrasonic Cleaner on a stable, flat surface.
- Ensure that the unit is positioned away from direct sunlight and heat sources.
- Connect the power cord to a suitable electrical outlet rated for the unit's voltage (115V).

## 2. Preparation

- Fill the cleaning tank with the recommended cleaning solution up to the indicated fill line.
- Allow the solution to heat up according to the desired temperature setting.

## 3. Cleaning Process

- Place items to be cleaned in the tank, ensuring they do not touch the bottom or sides.
- Set the timer according to the cleaning requirements (1 to 20 minutes).
- Select the desired temperature setting (68 176 degrees F / 20 80 degrees C).
- Press the start button to begin the cleaning cycle.

## 4. PostCleaning

- Once the cleaning cycle is complete, carefully remove the items using appropriate tools or gloves.
- Allow the items to cool down before handling.
- If using the accessory lube tank, follow the specific instructions provided for lubrication.

## 5. Maintenance

- After use, empty and clean the tank according to the manufacturer's guidelines.
- Regularly check the unit for any signs of wear or malfunction.

## Disposal Instructions

- Dispose of used cleaning solutions and any waste materials in accordance with local regulations.
- Do not dispose of the product in household waste. Follow local electronic waste disposal guidelines.
- Ensure that all components are properly recycled or disposed of to minimize environmental impact.

## Contact Information for Further Support

For any questions or concerns regarding the Turbo Sonic Power Professional Ultrasonic Cleaner, please refer to the manufacturer's website or contact the customer support team.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy your Turbo Sonic Power Professional Ultrasonic Cleaner!
