

RED M&P SHIELD ACTION ENHANCEMENT TRIGGER - APEX TACTICAL SPECIALTIES INC RED M&P SHIELD ACTION ENHANCEMENT TRIGGER KIT

[Handgun Parts](#) > [Trigger Group Parts](#) > [Trigger Parts](#) > [Triggers](#)

The Shield Action Enhancement Trigger Kit directly replaces the factory hinged trigger with a red anodized, solid aluminum trigger body which reduces pre-travel and over-travel by approximately 20%. It features a smooth face with a center mounted pivoting safety that maintains factory safety values. The center mounted pivoting safety bar prevents unintended operation by creating a trigger block that will not disengage unless the shooter places their finger directly on the trigger face. The Apex Shield Duty/Carry Kit was designed to provide the M&P Shield pistol owner a smooth, consistent trigger pull that is approximately 2 lbs lighter(based on variations in factory tolerances) with the advantages of shorter over-travel and more detectable trigger reset. The kit itself is engineered to be drop-in and should not require further gunsmithing. However, Armorer or gunsmith installation of the Ultimate Striker Block into the Shield slide is strongly recommended. The Shield Action Enhancement Trigger Only is perfect for use with the M&P Shield already equipped with the apex Shield Duty/Carry Kit. Works with all Smith & Wesson M&P Shield pistols in 9mm and .40 calibers, does not work in the Shield 45.

Attributes

- Name: [APEX TACTICAL SPECIALTIES INC RED M&P SHIELD ACTION ENHANCEMENT TRIGGER KIT](#)
- Manufacturer: [APEX TACTICAL SPECIALTIES INC](#)
- Product no.: 100017520

Safety Instruction Guide for RED M&P SHIELD ACTION ENHANCEMENT TRIGGER KIT

Introduction

Thank you for choosing the RED M&P SHIELD ACTION ENHANCEMENT TRIGGER KIT by Apex Tactical Specialties Inc. This guide provides important safety information, installation instructions, and usage guidelines to ensure safe and effective operation of your product.

General Safety Guidelines

- **Product Safety:** This product is designed to enhance the performance of your M&P Shield pistol while ensuring safe usage. Always follow the manufacturer's instructions.
- **Online Shopping:** If purchased online, ensure that the seller complies with EU safety regulations.
- **Enhanced Recalls:** Stay informed about product recalls. If a recall occurs, follow the instructions provided for safe return or remedy.
- **Special Consumer Focus:** This product is not intended for use by children. Ensure it is stored safely and out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to your local EU consumer protection agency.
- **Rapid Alerts:** Monitor the EU Safety Gate platform for updates on product safety and recalls.

Specific Safety Precautions for Use

- **Installation Safety:** It is recommended that installation be performed by a qualified armorer or gunsmith. Improper installation may lead to unsafe operation.
- **Trigger Operation:** Always keep your finger off the trigger until you are ready to shoot. The pivoting safety feature is designed to prevent accidental discharge, but it is essential to maintain safe handling practices.
- **Compatibility Check:** Ensure that your M&P Shield is compatible with this trigger kit. This kit works with 9mm and .40 caliber models, but not with the Shield 45.
- **Routine Checks:** Regularly inspect the trigger and its components for wear or damage. Replace any damaged parts immediately.
- **Safe Storage:** Store your firearm and trigger kit in a secure location, using a lock or safe to prevent unauthorized access.

Instructions for Installation and Usage

Installation Steps

1. **Preparation:** Ensure your firearm is unloaded and pointed in a safe direction.
2. **Remove the Factory Trigger:** Follow the manufacturer's instructions to safely remove the factory trigger from your M&P Shield.
3. **Install the Apex Trigger:**
 - Insert the Red Anodized Aluminum Shield Action Enhancement Trigger into the trigger housing.
 - Ensure the pivoting safety bar is correctly positioned.
4. **Reassemble the Firearm:** Once the new trigger is in place, reassemble your M&P Shield according to the manufacturer's guidelines.
5. **Function Test:** After installation, perform a function test to ensure the trigger operates correctly. Check for proper safety engagement and trigger reset.
6. **Professional Inspection:** If unsure about installation, seek assistance from a qualified gunsmith.

Usage Guidelines

- **Trigger Pull:** The trigger pull is designed to be approximately 2 lbs lighter than the factory trigger. Practice to become familiar with the new trigger feel.
- **Regular Maintenance:** Clean and maintain your trigger kit as per the manufacturer's recommendations to ensure optimal performance.
- **Training:** Consider taking a firearms safety course to improve your handling skills and knowledge regarding trigger operation.

Disposal Instructions

- **Environmental Responsibility:** Do not dispose of the trigger kit in regular household waste. Follow local regulations for the disposal of firearm components.
- **Recycling:** If possible, recycle metal components at designated recycling facilities.

Contact Information for Further Support

For any questions or concerns regarding the RED M&P SHIELD ACTION ENHANCEMENT TRIGGER KIT, please refer to the manufacturer's website or contact your local consumer protection agency for assistance.

By following these safety guidelines and instructions, you can ensure the safe and effective use of your RED M&P SHIELD ACTION ENHANCEMENT TRIGGER KIT. Thank you for prioritizing safety and responsible firearm handling.
