

# TURBO SUPER SIFTER

[Reloading](#) > [Case Cleaning](#) > [Case Tumblers & Accessories](#)

The new Turbo Super Sifter allows cases to easily be separated from media while positioned over 7, 5, 3, or 2 gallon pails. These commonly available pails make the perfect container for storing used media. The sifter is equipped with large handles to make it easy to use with large volumes of cases and media. The extra deep design prevents media from spilling over the edges when pouring case and media from the tumbler and when in use. Works with commonly available 7, 5, 3 and 2 gallon pails Extra deep design keeps media inside the sifter and off the floor Large handles make the sifter easy to use

# Turbo Super Sifter Safety Instructions

## Introduction

Thank you for choosing the Turbo Super Sifter. This product has been designed to help you efficiently separate cases from media while ensuring safety during use. Please read this safety instruction guide carefully to ensure proper handling and maintenance of the product.

## General Safety Guidelines

- Always use the Turbo Super Sifter in accordance with these safety instructions.
- Ensure that the sifter is used in a safe environment, away from children and pets.
- Regularly inspect the sifter for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- **Avoid Overloading:** Do not exceed the recommended capacity of the sifter to prevent spills and accidents.
- **Use Handles Properly:** Always use the large handles to lift and maneuver the sifter. Avoid lifting it by the sifter body.
- **Stability:** Ensure that the pail is stable and secure before using the sifter to prevent tipping.
- **Media Handling:** Be cautious when handling media to avoid inhalation or skin contact with harmful substances.
- **Supervise Children:** Keep children away from the sifter during use to prevent accidents.

## Instructions for Installation and Usage

### 1. Setup:

- Place the Turbo Super Sifter securely over a 7, 5, 3, or 2gallon pail.
- Ensure that the pail is stable and on a flat surface.

### 2. Using the Sifter:

- Fill the sifter with cases and media as needed, ensuring not to exceed the recommended capacity.
- Use the large handles to lift the sifter and pour out the contents into the pail.
- Make sure to pour slowly to prevent media from spilling over the edges.

### 3. After Use:

- Empty the pail and clean the sifter as per the cleaning instructions provided.
- Store the Turbo Super Sifter in a dry place away from direct sunlight and moisture.

## Disposal Instructions

- Dispose of any used media and cases in accordance with local regulations.
- Do not dispose of the Turbo Super Sifter in general waste. Check local guidelines for recycling or proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the Turbo Super Sifter, please reach out to the designated EU contact point listed on the product packaging or user manual.
