

AMMO CHECKERS MULTIPLE CALIBERS - LYMAN LARGE RIFLE AMMO CHECKER

[Reloading](#) > [Measuring Tools](#) > [Case Gauges & Headspace Tools](#)

Lyman's Ammo Checkers check the quality and consistency of both reloaded rounds and purchased ammunition. A must for any auto shooter for easy and consistent feed. You can't afford misfeeds, so get the easiest "no-go" gauge available today! These Ammo Checkers are gauges that allow a reloader to quickly confirm that their ammunition will fit in their chamber. Machined from solid blocks of 6061 T6 aircraft grade aluminum and cut with custom tooling to SAAMI minimum chamber dimensions. Ammo Checkers are available in three designs covering most common handgun and rifle calibers. One gauge will work with a variety of calibers. Just drop your loaded rounds in the ammo checker, and if the round fits into the gauge, it will fit in the gun's chamber. Each caliber is clearly engraved on the gauge. Bright orange anodizing makes them easy to find on your reloading bench. Upgrade your reloading area today with Lyman's Ammo Checkers and begin saving. Handgun Gauge - 380 Auto, 9mm Luger, 38 Super, 40 S&W, 45 ACP, 38 Special/357 Magnum, 44 Magnum/Special, and 45 Long Colt Small Rifle Gauge - 204 Ruger, 22 Hornet, 223 Remington, 22-250 Remington, 300 AAC Blackout, and 7.62x39mm Large Rifle Gauge - 243 Winchester, 270 Winchester, 30-30 Winchester, 308 Winchester, 30-06, 300 WSM

Lyman Ammo Checkers Safety Instruction Guide

Introduction

Thank you for choosing Lyman's Ammo Checkers for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this manual carefully before use to understand the potential hazards and how to mitigate them.

General Safety Guidelines

- Always handle ammunition and reloading tools with care.
- Keep the Ammo Checker out of reach of children and vulnerable individuals.
- Inspect the Ammo Checker for any signs of damage before use.
- Store the Ammo Checker in a dry, cool place when not in use.
- Use the Ammo Checker only for its intended purpose.
- Follow all local laws and regulations regarding ammunition and firearms.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded and pointed in a safe direction before using the Ammo Checker.
- Do not use the Ammo Checker with damaged or defective ammunition.
- Avoid using the Ammo Checker in wet or damp conditions to prevent corrosion.
- Always wear safety glasses when handling ammunition and reloading equipment.
- Do not exceed the manufacturer's recommended specifications for ammunition.
- If you experience any difficulty or resistance when using the Ammo Checker, stop immediately and inspect for issues.

Instructions for Installation and Usage

1. Preparation:

- Ensure your workspace is clean and organized.
- Gather all necessary materials, including your loaded rounds and the Ammo Checker.

2. Using the Ammo Checker:

- Select the appropriate gauge for the caliber of your ammunition.
- Drop your loaded round into the Ammo Checker.
- If the round fits snugly into the gauge, it is safe to use in your firearm's chamber.
- If the round does not fit, do not attempt to use it. Inspect the round for defects or issues.

3. After Use:

- Clean the Ammo Checker with a dry cloth to remove any debris or residue.
- Store the Ammo Checker in its designated place to avoid damage.

Disposal Instructions

- Dispose of any defective or unsafe ammunition according to local regulations.
- Do not throw the Ammo Checker in regular household waste.
- Check with local waste management authorities for proper disposal methods for aluminum products.

Contact Information for Further Support

For any questions or concerns regarding the use of Lyman's Ammo Checkers, please refer to the manufacturer's website or customer service for assistance.

Thank you for prioritizing safety in your reloading practices. Enjoy your reloading experience with Lyman's Ammo Checkers!
