

3.5 GALLON-BLUE-SINGLE

[Emergency & Survival Gear](#) > [Water & Hydration](#) > [Water Storage](#)

WaterBrick Stackable Water Containers and Food Storage Container: 3.5 Gallons of Liquids or up to 27 Pounds (264 Adult Servings) of Dry Foods. Made of rugged, high density polyethylene (HDPE) with an easy grip comfort handle. These unique water containers, unlike any other, can also hold food and other life essentials while adding value by cross stacking up to 4 feet for maximum efficient storage. Wide diameter lid opening with notched easy grip lid allows for an average adult to pull stored contents out of the container by hand.

WATERBRICK 3.5 GALLON WATERBRICK SAFETY INSTRUCTION GUIDE

Introduction

Thank you for choosing the WATERBRICK 3.5 Gallon WaterBrick. This product is designed to provide safe and efficient storage for liquids and dry foods. To ensure your safety and the proper use of this product, please read and follow the guidelines outlined in this instruction guide.

General Safety Guidelines

- Ensure that the WaterBrick is used only for its intended purpose, which is to store liquids or dry food.
- Always inspect the WaterBrick for any signs of damage before use. Do not use if damaged.
- Keep the WaterBrick out of reach of children when not in use.
- Avoid exposure to extreme temperatures, which may affect the integrity of the product.
- Do not stack more than four WaterBricks on top of each other to prevent tipping and potential injury.
- Ensure that the lid is securely closed when the WaterBrick is in use to prevent leaks and contamination.

Specific Safety Precautions for Use

- When filling the WaterBrick with liquids, ensure that the liquid does not exceed the 3.5gallon capacity.
- For dry foods, do not exceed the weight limit of 27 pounds (approximately 264 adult servings).
- Always use the easy grip comfort handle to transport the WaterBrick to avoid spills or accidents.
- When accessing stored contents, use the notched easy grip lid to safely pull out items without risk of injury.
- Do not use the WaterBrick for storing hazardous materials or chemicals.

Instructions for Installation and Usage

1. Preparation for Use:

- Remove the WaterBrick from its packaging.
- Inspect the container for any defects or damages.
- Ensure that the lid and handle are functioning properly.

2. Filling the WaterBrick:

- For liquids:
 - Open the wide diameter lid.
 - Fill the container with your desired liquid, ensuring not to exceed the 3.5gallon capacity.
 - Secure the lid tightly after filling.
- For dry foods:
 - Open the wide diameter lid.
 - Fill the container with dry foods, ensuring not to exceed the weight limit of 27 pounds.
 - Secure the lid tightly after filling.

3. Storage:

- Place the WaterBrick in a cool, dry place away from direct sunlight.
- Ensure that the WaterBrick is on a flat surface to prevent tipping.

4. Accessing Contents:

- To access stored items, grip the notched easy grip lid and lift it off.
- Remove the desired contents carefully to avoid spills.

5. Stacking:

- If stacking multiple WaterBricks, ensure they are aligned properly.
- Do not exceed stacking more than four WaterBricks high.

Disposal Instructions

- When the WaterBrick has reached the end of its useful life, dispose of it in accordance with local regulations for plastic recycling.
- Do not incinerate or expose to extreme heat, as this may release harmful substances.

Contact Information for Further Support

For any safety inquiries or concerns regarding the WATERBRICK 3.5 Gallon WaterBrick, please reach out to your local distributor or manufacturer. They can provide you with additional information and support.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of your WATERBRICK 3.5 Gallon WaterBrick. Always prioritize safety and proper handling to enjoy the benefits of this versatile storage solution. Thank you for your attention to these guidelines.
