

COMPETITION MATCH FLAME BARRELS FOR GLOCK® 34 - FAXON FIREARMS COMPETITION MATCH 9MM THREADED FLAME BBL FOR GLOCK-34 G 1-4

[Handgun Parts](#) > [Barrel Parts](#) > [Barrels](#)

Unique Fluting Bolsters Rigidity, Promotes Cooling To Combat Heat Warpage

"Flame" Match Barrels for Glock® 34 from Faxon Firearms have innovative, variable-depth fluted "flames" that give your pistol a unique appearance, and more importantly give extra rigidity and help dissipate heat. This results in a barrel that's highly resistant to accuracy drift due to heat warpage - just what you're looking for in a hard-running action competition pistol. Faxon Flame Match Barrels for Glock® 34 are meticulously machined from triple stress-relieved 416R stainless steel to tighter tolerances than factory barrels to ensure consistent, secure lockup and, consequently, tighter groups. Muzzles have a meticulously cut 11° target crown to ensure the bullet departs on a true trajectory. Fits G34 Gen 1-4 pistols Available with a plain, unthreaded muzzle OR with ½"-28 tpi threads for a sound suppressor or compensator 9mm SAAMI-spec chamber and 1-10" twist conventional rifling handle any type of projectile - jacketed, heavy subsonics, even cast-lead practice bullets Hard, black Nitride finish for superb resistance to surface wear Almost as a bonus, the Faxon Flame Match Barrel for Glock® 34 typically drops right into a factory-spec slide, no gunsmith fitting needed, for an immediate custom barrel job.

Safety Instruction Guide for Competition Match Flame Barrels for Glock® 34

Introduction

Thank you for choosing the Competition Match Flame Barrels for Glock® 34 from Faxon Firearms. This guide provides essential safety instructions and guidelines to ensure safe use and optimal performance of your new barrel. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the barrel is compatible with Glock® 34 models Gen 14 before installation.
- Always handle firearms safely and responsibly.
- Keep the barrel and firearm out of reach of children and unauthorized users.
- Regularly inspect the barrel for any signs of wear or damage.
- Use only ammunition that is compatible with the 9mm SAAMI spec chamber.
- Be aware of your surroundings when using the firearm to prevent accidents.

Specific Safety Precautions for Use

- Do not use the barrel if it shows any signs of damage or excessive wear.
- Always ensure the firearm is unloaded before installing or removing the barrel.
- Use appropriate hearing and eye protection when firing.
- Do not modify the barrel or firearm in any way that could compromise safety.
- Follow all local laws and regulations regarding firearm usage and modifications.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the factory barrel from the Glock® 34 by following the manufacturer's instructions.
- Insert the Competition Match Flame Barrel into the slide, ensuring a snug fit.
- If using the threaded muzzle, ensure that any suppressor or compensator is properly attached and secured.
- Perform a function check to ensure the barrel is properly installed.

2. Usage:

- Load the firearm with compatible 9mm ammunition.
- Aim in a safe direction and engage the target only when ready to fire.
- After use, clean the barrel according to the manufacturer's recommendations to maintain performance and longevity.

Disposal Instructions

- Dispose of the barrel in accordance with local regulations for metal recycling or hazardous waste.
- Do not throw the barrel in regular household waste.
- If the barrel is damaged beyond use, contact your local waste management authority for proper disposal options.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product performance, please contact the manufacturer or your local authorized dealer for assistance.

Thank you for prioritizing safety and responsible firearm ownership. Enjoy your experience with the Competition Match Flame Barrels for Glock® 34!
