# Safety Instruction Guide for UPGRADED LOCK BOX CABLE SNAP SAFE

## Introduction

Thank you for choosing the UPGRADED LOCK BOX CABLE SNAP SAFE. This product is designed to secure your valuables safely and effectively. This guide provides important safety information and instructions for the proper use of the lock box cables in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure that the lock box cable is used only for its intended purpose.
- Always inspect the cable for any signs of wear or damage before use.
- Do not exceed the cable's weight limit of 1500 lbs.
- Keep the lock box cables out of reach of children to prevent accidents.
- Report any unsafe product incidents to the appropriate authorities.
- Regularly check for updates on safety recalls via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Inspection:** Before each use, visually check the cable for frays, kinks, or other damage.
- **Weight Limit:** Do not load the lock box with more than 1500 lbs. of valuables.
- **Secure Attachment:** Ensure that the cable is securely attached to a stationary object to prevent theft or accidental release.
- **Storage:** Store the cables in a dry place to prevent rust and deterioration.
- **Avoid Sharp Edges:** Do not use the cable around sharp edges that could cause cuts or damage to the cable.

## Instructions for Installation and Usage

1. **Selecting a Location:** Choose a secure and stationary object (e.g., a heavy piece of furniture, a car seat anchor, or a luggage rack) to which you will attach the lock box cable.
2. **Attaching the Cable:**
  - Loop the cable around the stationary object.
  - Insert the end of the cable through the locking mechanism of the lock box.
  - Pull the cable tight to ensure it is secure.
3. **Locking the Cable:** Use the lock provided with the Snap Safe Lock Box to secure the cable in place.
4. **Removing the Cable:**
  - Unlock the cable using the key or combination provided.
  - Carefully detach the cable from the stationary object and the lock box.
5. **Storing the Cable:** After use, coil the cable neatly and store it in a dry location away from direct sunlight.

## Disposal Instructions

- Dispose of any damaged or worn cables in accordance with local waste disposal regulations.
- Consider recycling the cable if possible, as it is made from steel.

## Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's contact details provided with your product packaging.
