# Vortex Optics Viper PST Gen II 16X24mm Rifle Scope Safety Instructions

## Introduction

Thank you for choosing the Vortex Optics Viper PST Gen II 16X24mm Rifle Scope. This guide provides essential safety instructions and operational guidelines to ensure the safe and effective use of your product. Please read this manual thoroughly before using the scope.

## General Safety Guidelines

- Always handle your rifle scope with care to prevent damage.
- Ensure that the scope is securely mounted before use.
- Avoid looking directly at the sun through the scope, as this can cause permanent eye damage.
- Keep the scope and all accessories out of reach of children and vulnerable individuals.
- Regularly inspect the scope for any signs of damage or wear.
- Follow all local laws and regulations regarding the use of firearms and optics.

## Specific Safety Precautions for Use

- Do not use the scope if it has been dropped or damaged. Seek professional inspection.
- Ensure the scope is properly zeroed before shooting to avoid misalignment and potential accidents.
- Use the scope only for its intended purpose—aiming and shooting at targets.
- When adjusting the turrets, do so gently to prevent damage to the internal mechanisms.
- Be aware of your surroundings and ensure a clear line of sight before firing.
- Always wear appropriate eye and ear protection when using firearms equipped with the scope.

## Instructions for Installation and Usage

### Installation

#### 1. Mounting the Scope

- Choose a suitable mounting base compatible with your rifle.
- Securely attach the scope rings to the mounting base.
- Place the scope in the rings and adjust its position for optimal eye relief.
- Tighten the ring screws evenly to avoid misalignment.

#### 2. Zeroing the Scope

- Select a safe shooting location and ensure a proper target is set up.
- Fire a group of shots to assess the current point of impact.
- Adjust the elevation and windage turrets according to the manufacturer's specifications to align the point of impact with the point of aim.

### Usage

#### • Adjusting the Illumination

- Use the illumination control to adjust brightness levels as needed.
- Ensure the illumination is turned off when not in use to conserve battery life.

#### • Parallax Adjustment

- The Viper PST Gen II is parallaxfree at 100 yards; ensure your target is within this range for optimal performance.

- **Maintenance**

- Clean the lenses with a soft, lintfree cloth to avoid scratching.
- Store the scope in a dry, cool place when not in use to prevent moisture buildup.

## **Disposal Instructions**

- Follow local regulations for the disposal of electronic devices and batteries.
- Do not dispose of the scope in regular household waste.
- Remove the battery before disposal and recycle it according to local guidelines.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the safety and usage of the Vortex Optics Viper PST Gen II 16X24mm Rifle Scope, please refer to the manufacturer's contact information provided with your product packaging or visit the official Vortex Optics website.

Please keep this manual for future reference and ensure that all users of the Vortex Optics Viper PST Gen II Rifle Scope are familiar with these safety instructions.
