Safety Instruction Guide for RGB Rifle Die Sets

Lee Precision 8x57mm Mauser

Introduction

Thank you for choosing the RGB Rifle Die Set by Lee Precision. This guide provides important safety information and instructions to ensure the safe and effective use of your die set. Please read this guide thoroughly before use.

General Safety Guidelines

- Ensure that you follow all local laws and regulations regarding the use of reloading equipment and ammunition.
- Always wear appropriate safety gear, such as safety glasses and gloves, when handling reloading materials.
- Keep all reloading components, including dies, out of reach of children and pets.
- Store the die set in a cool, dry place to prevent damage.
- Regularly inspect your die set for any signs of wear or damage before use.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always ensure that the press is securely mounted and stable before starting the reloading process.
- Do not exceed recommended load specifications provided by the bullet and powder manufacturers.
- Use only the correct cartridge (8 mm Mauser) with this die set.
- Avoid distractions while reloading to maintain focus and accuracy.
- Never leave reloading equipment unattended while in use.
- If you experience any malfunctions or irregularities, stop using the die set immediately and consult the manufacturer.

Instructions for Installation and Usage

1. Installation of the Die Set:

- Ensure that your reloading press is clean and free from debris.
- Locate the appropriate threads on your reloading press for the die set.
- Screw the Full Length Sizer Die into the press until it is firmly in place.
- Follow the same procedure for the Easy Adjust Dead Length Bullet Seating Die.
- Make sure both dies are adjusted to the correct height according to the manufacturer's specifications.

2. Using the Full Length Sizer Die:

- Insert the case into the shell holder and position it under the sizer die.
- Pull the handle of the press to size the case. Ensure that the case is fully sized before removing it.

3. Using the Easy Adjust Dead Length Bullet Seating Die:

- Insert the bullet into the case mouth.
- Position the case under the seating die.
- Pull the handle to seat the bullet to the desired depth. Adjust the die as necessary for precise bullet seating.

4. Final Inspection:

- After reloading, inspect each round for proper seating and overall quality.
- Store all completed ammunition in a safe and secure location.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of reloading materials in household trash. Contact local waste management for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the RGB Rifle Die Set, please refer to the manufacturer's website or customer support resources for assistance.
