# **Safety Instruction Guide for CARBIDE SIZER DIES LEE PRECISION 38 SUPER UNDERSIZED FULL LENGTH SIZING DIE ONLY CARBIDE**

## **Introduction**

Thank you for choosing the Lee Carbide Full Length Sizing Die. This product is designed for reloading straight wall cartridges and offers durability and ease of use. To ensure safe operation and optimal performance, please carefully read and follow the safety guidelines outlined in this document.

## **General Safety Guidelines**

- Always handle all reloading equipment and components with care to prevent accidents.
- Ensure that your work area is clean, organized, and welllit.
- Keep all reloading materials out of reach of children and unauthorized individuals.
- Wear appropriate safety gear, including safety glasses and gloves, when operating reloading equipment.
- Familiarize yourself with the specific functions and uses of the Lee Carbide Sizer Die before use.
- Regularly inspect the die for any signs of wear or damage. Do not use a damaged die.
- Follow all local laws and regulations regarding ammunition reloading.

## **Specific Safety Precautions for Use**

- Check that the die is compatible with the 38 Super cartridge before installation.
- Ensure that the die is securely mounted in the reloading press to prevent movement during operation.
- Do not force the die into the cartridge; if resistance is felt, stop and check for obstructions.
- Avoid using excessive force when resizing cartridges. Follow recommended pressure settings.
- Keep fingers clear of moving parts during operation to prevent injury.
- Do not attempt to resize a cartridge that has been previously fired in an excessively worn chamber.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Ensure the reloading press is turned off and unplugged before installation.
- Securely mount the Lee Carbide Sizer Die in the reloading press according to the manufacturer's instructions.
- Adjust the die to the desired height for proper cartridge sizing.

### **2. Usage:**

- Prepare your workspace by gathering all necessary materials: cartridges, reloading press, and safety gear.
- Insert the cartridge into the reloading press and align it with the die.
- Apply even pressure to the handle of the press to resize the cartridge.
- Inspect the resized cartridge for proper dimensions and any defects.
- Repeat the process for each cartridge, ensuring consistent application of pressure.

### **3. PostUse:**

- Clean the die after use to remove any debris or residue.
- Store the die in a safe, dry place away from moisture and direct sunlight.
- Regularly check the die for wear and replace it as necessary.

## **Disposal Instructions**

- Dispose of any damaged or worn reloading components in accordance with local waste disposal regulations.
- Do not dispose of reloading materials in a manner that could pose a risk to the environment or public safety.
- For unused or excess reloading components, consider donating or recycling where possible.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the Lee Carbide Sizer Die, please refer to the manufacturer's contact information provided with the product packaging.
