

BREECH LOCK PRO PROGRESSIVE PRESS - LEE PRECISION BREECH LOCK PRO PROGRESSIVE PRESS

[Reloading](#) > [Reloading Presses](#) > [Progressive Presses](#)

Announcing a new concept in automatic reloading presses. A true progressive press for less than the cost of a premium single stage press. Order a set of Lee dies and a shell plate, and you have everything you need to start reloading. Easy to use with no adjustments. View quick start guide and product instructions. Modular construction allows as much or as little automation as the operator desires with no adjustments. Cartridge changeover in seconds, including primer size with no adjustments. Breech Lock quick change feature in all four positions with no adjustments. Exclusive auto case placer with no adjustments. Through ram primer disposal with convenient built-in primer disposal tube. Includes four breech lock bushings. Includes large and small priming arms. Includes ergonomic, wood grip roller handle. Others charge nearly \$50.00 for this comfort feature. Includes hex wrenches for caliber changes with built in storage rack for tools. Others charge nearly \$30.00 for the tools and storage rack alone! User has to make initial die adjustment into the Breech Lock bushings. Once set, the Breech Lock system allows for instant change. Shell plate is required to use this press, sold separately.

Safety Instruction Guide for BREECH LOCK PRO PROGRESSIVE PRESS

Introduction

Thank you for choosing the BREECH LOCK PRO PROGRESSIVE PRESS by LEE PRECISION. This guide provides essential safety instructions to ensure the safe and effective use of your reloading press. Please read this guide carefully before use and keep it for future reference.

General Safety Guidelines

- Ensure the press is used only for its intended purpose of reloading ammunition.
- Always follow the manufacturer's instructions when using the press.
- Keep the press out of reach of children and vulnerable individuals.
- Inspect the press regularly for any signs of wear or damage.
- Do not use the press if any components are damaged or missing.
- Always wear appropriate safety gear, including safety glasses, when reloading.
- Do not overload the press beyond its specified capabilities.
- Maintain a clean and organized workspace to prevent accidents.
- Be aware of your surroundings and ensure that no one is in close proximity while operating the press.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Risk of injury from moving parts during operation.
 - Risk of burns from hot surfaces or materials.
 - Risk of eye injury from flying debris or primers.
- **Avoiding Hazards:**
 - Keep hands and loose clothing away from moving parts.
 - Allow the press to cool down before touching any heated components.
 - Always use the provided safety features, such as the auto case placer.
 - Do not attempt to modify or bypass any safety mechanisms.
 - Use only compatible Lee dies and shell plates with the press.

Instructions for Installation and Usage

1. Installation:

- Place the press on a stable and level work surface.
- Secure the press using appropriate fasteners (not included) to prevent movement during operation.
- Install the shell plate and dies according to the manufacturer's instructions.
- Ensure that the primer disposal tube is properly attached.

2. Usage:

- Before starting, ensure that all components are securely in place.
- Adjust the Breech Lock bushings as necessary for your dies.
- Load the shell plate with cases as per the quick start guide.
- Follow the reloading procedure stepbystep to avoid mistakes.
- Monitor the operation closely and stop immediately if any issues arise.

Disposal Instructions

- Dispose of any unused or defective components in accordance with local regulations.
- Do not dispose of primers, powder, or other reloading materials in regular trash.
- Consult local waste management guidelines for the safe disposal of hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the BREECH LOCK PRO PROGRESSIVE PRESS, please refer to the manufacturer's contact information provided in the product packaging or visit the official website for additional support.

Thank you for your attention to these safety guidelines. Your safety is our priority. Enjoy your reloading experience with the BREECH LOCK PRO PROGRESSIVE PRESS!
