

AR-15 COMBAT BACK UP IRON REAR SIGHT - MIDWEST INDUSTRIES

AR-15 COMBAT BACK UP IRON REAR SIGHT

[Rifle Parts](#) > [Sights](#) > [Rear Sights](#)

Sights Just Like Mil-Standard Aperture, But This One's Built Better

Midwest Industries took the standard A2 rear sight aperture and preserved this classic sight picture that shooters know and love while packaging it in a higher-quality, lighter housing in the form of its AR-15 Combat Back-Up Rear Sight. Each Midwest Industries AR-15 Combat Backup Rear Sight is designed to sit at the same height above the rail as standard, mil-spec irons and uses the same A2 rear aperture. In fact, if you're looking to enhance the sight even more, this rear housing will accommodate Trijicon replacement apertures. The entire Midwest Industries AR-15 Combat Fixed Front Sight is machined from 6061-T6 billet aluminum and features a hardcoat-anodized finish. Both rifle and carbine sights are included, with each one offering 0.5- and 0.65-MOA adjustments, respectively. The weight of the rear sight is 1.9 ounces.

Safety Instruction Guide for AR15 Combat BackUp Iron Rear Sight

Introduction

Thank you for choosing the AR15 Combat BackUp Iron Rear Sight by Midwest Industries. This guide provides essential safety information, installation instructions, and usage guidelines to ensure safe and effective operation of your sight. Please read this manual carefully before use.

General Safety Guidelines

- Ensure that the AR15 Combat BackUp Iron Rear Sight is installed correctly and securely before use.
- Always treat your firearm as if it is loaded, even if you believe it is not.
- Familiarize yourself with the operation of your firearm and this sight before attempting to use it in the field.
- Keep the sight and firearm out of reach of children and unauthorized users.
- Regularly inspect the sight for any signs of wear or damage. Do not use the sight if it appears compromised.
- Report any unsafe products or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- The sight is designed for use with standard A2 rear apertures. Ensure compatibility before use.
- Avoid using the sight in extreme weather conditions that may impair visibility or functionality.
- Do not attempt to modify or disassemble the sight. Any alterations can compromise safety and performance.
- Ensure that the sight is not obstructed by any accessories or attachments that may interfere with its operation.
- Use caution when adjusting the sight to avoid unintentional movements of the firearm.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure your firearm is unloaded and pointed in a safe direction.
2. **Mounting the Sight:**
 - Locate the rail on your AR15.
 - Align the sight with the rail and slide it into position.
 - Secure the sight using the provided mounting hardware, ensuring it is tightly fastened.
3. **Adjustment:**
 - Use the adjustment knobs to set the desired elevation and windage.
 - Test the adjustments at a safe shooting range to confirm accuracy.

Usage

- **Aiming:** Align the rear sight with the front sight and target for accurate aiming.
- **Adjustments:** Make incremental adjustments as needed for improved accuracy.
- **Maintenance:** Clean the sight regularly to prevent dirt and debris from affecting visibility.

Disposal Instructions

- When disposing of the sight, follow local regulations for electronic waste and firearm accessories.

- Ensure that the sight is rendered unusable before disposal to prevent unauthorized use.

Contact Information for Further Support

For any inquiries or concerns regarding the AR15 Combat BackUp Iron Rear Sight, please reach out to your local retailer or the manufacturer directly. Always retain your purchase receipt for warranty purposes.

Thank you for prioritizing safety while using your AR15 Combat BackUp Iron Rear Sight. Enjoy your shooting experience responsibly!
