

5700 ELITE METER WITH APPLIED BALLISTICS & LINK - 5700 ELITE WITH APPLIED BALLISTICS & LINK, FDE

A Whole Lot of Ballistic Computing Power - in the Palm of Your Hand

Kestrel's 5700 Elite Weather Meter with Applied Ballistics software is an upgrade of Kestrel's path-breaking but now-discontinued 4500 meter optimized specifically for the needs of long-range target shooters. The 5700 Elite measures up to 15 environmental parameters and lets you select either G1 or G7 ballistic coefficients (BC) when calculating bullet trajectory. It fits in the palm of your hand, yet offers the "Litz" (as in, noted ballisticians Bryan Litz) measured BC library of over 225 bullets - the most extensive source of measured data for modern small arms bullets. Using its ballistics calibration feature, you can "train" your Kestrel 5700 Elite weather meter's Applied Ballistics software to match a specific rifle based on observed long-range impacts. The result is an even more accurate set of data points you can rely on in future calculations. With such easy access to highly accurate BC data, you've got everything you need to make a pin-point precise trajectory calculation - in a hand-held wind meter. More of the Kestrel 5700 Elite's many features: Bluetooth LiNK to your Android or iOS smartphone Easy-to-use, intuitive user-interface screen navigation Improved screen resolution over earlier models - easier to see in varying light Screen switchable between white & red (NV - night vision) backlight Runs on one (1) AA battery Sealed battery compartment, so a battery leak will not fry your Kestrel's motherboard Multiple languages: English, French, German & Spanish Reinforced molded hard polymer shell & scratch/breakage-resistant viewing window Wait - it gets better! The Kestrel 5700 Elite Weather Meter comes with integrated Bluetooth technology, so both your real-time environmental and logged data can be transferred wirelessly and automatically to your smartphone, Mac, or PC. Yes, it's Android AND iPhone compatible, so whatever phone OS has your allegiance, the 5700 is ready to play nice with it. It will also connect via LiNK to a Bushnell CONX Rangefinder, enabling you to view results from the AB Kestrel right on your rangefinder. If you want to squeeze every last drop of performance from your rifle and your ammo, make sure you have a Kestrel 5700 Elite with Applied Ballistics software with you the next time you hit the range.

Attributes

- Name: 5700 ELITE WITH APPLIED BALLISTICS & LINK, FDE
- Manufacturer: KESTREL
- Product no.: 100034300
- Mfr. No.: 0857ALFDE
- Color: Flat Dark Earth
- Delivery weight: 0.234kg
- Shipping height: 33mm
- Shipping width: 152mm
- Shipping length: 152mm

Kestrel 5700 Elite Weather Meter Safety Instructions

Introduction

Thank you for choosing the Kestrel 5700 Elite Weather Meter with Applied Ballistics & Link. This device is designed to provide accurate environmental measurements and ballistic calculations for longrange shooting. To ensure your safety and the optimal performance of your device, please read and follow these safety instructions carefully.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the Kestrel 5700 Elite by following all instructions provided in this guide. This product is designed for nonfood use and should not be used in ways not specified by the manufacturer.
- **Enhanced Recalls:** In the unlikely event of a product recall, you will be notified through standardized recall notices. Ensure you register your product for updates.
- **Online Shopping:** If purchased online, confirm that the seller complies with EU safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors to prevent accidents.
- **EU Contact Point:** For safety inquiries, refer to the contact information provided by your retailer or manufacturer.
- **Rapid Alerts:** Stay informed about potential safety issues by checking the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- **Battery Safety:**
 - Use only one (1) AA battery as specified.
 - Ensure the battery compartment is securely sealed to avoid leaks that could damage the device.
- **Environmental Conditions:**
 - Do not expose the device to extreme temperatures or humidity.
 - Avoid using the device in wet conditions unless it is confirmed to be waterresistant.
- **Handling:**
 - Handle the Kestrel 5700 Elite with care to avoid dropping or damaging the unit.
 - Do not attempt to disassemble the device as this may void the warranty and compromise safety.
- **Bluetooth Connectivity:**
 - Ensure that Bluetooth is turned off when not in use to prevent unauthorized access.
 - Only connect to trusted devices to protect your data.

Instructions for Installation and Usage

- **Installation:**
 - Insert one (1) AA battery into the battery compartment, ensuring correct polarity.
 - Close the battery compartment securely.
- **Using the Device:**
 - Turn on the Kestrel 5700 Elite by pressing the power button.
 - Use the intuitive userinterface to navigate through the menu options.
 - Select the desired ballistic coefficient (G1 or G7) for accurate trajectory calculations.
 - Utilize the Bluetooth feature to connect to your smartphone for realtime data transfer.
- **Calibration:**
 - Regularly calibrate the device using the ballistics calibration feature to ensure accuracy based on your specific rifle.

- **Data Management:**

- Regularly check for updates to the Applied Ballistics software to enhance performance and accuracy.
- Log and review your environmental data to improve your shooting accuracy over time.

Disposal Instructions

- **Battery Disposal:**

- Dispose of used batteries in accordance with local regulations. Do not throw batteries in the household trash.

- **Device Disposal:**

- At the end of the product's life, dispose of the Kestrel 5700 Elite in accordance with local electronic waste regulations.
- Consider recycling options to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the Kestrel 5700 Elite Weather Meter, please refer to the contact information provided by your retailer or the manufacturer. Ensure you have your product details ready for a more efficient inquiry.

Thank you for your attention to these safety instructions. Enjoy using your Kestrel 5700 Elite Weather Meter responsibly and safely for all your longrange shooting needs.

Kestrel 5700 Elite Værmåler med Applied Ballistics & Link Sikkerhetsinstruksjoner

Introduksjon

Takk for at du har valgt Kestrel 5700 Elite Værmåler med Applied Ballistics & Link. Denne enheten er designet for å gi deg nøyaktige målinger og beregninger for langdistansemålskyttere. For å sikre trygg og effektiv bruk av produktet, vennligst les og følg disse sikkerhetsinstruksjonene nøye.

Generelle sikkerhetsretningslinjer

- Sørg for at produktet brukes i henhold til produsentens spesifikasjoner.
- Oppbevar enheten utilgjengelig for barn og andre sårbare grupper.
- Unngå å bruke enheten i ekstremt vær eller under forhold som kan påvirke dens ytelse.
- Kontroller jevnlig for skader eller slitasje på enheten.
- Bruk kun anbefalte batterier for enheten for å unngå lekkasje eller skade.

Spesifikke sikkerhetstiltak for bruk

- Unngå å utsette enheten for fuktighet, varme eller direkte sollys i lengre perioder.
- Ikke demonter eller forsøk å reparere enheten selv; kontakt en kvalifisert tekniker.
- Bruk enheten i henhold til instruksjonene for å unngå feilaktige målinger.
- Vær oppmerksom på at feil i målinger kan føre til usikre eller unøyaktige resultater, spesielt ved langdistansemål.
- Sørg for at enheten er kalibrert riktig før bruk for å oppnå nøyaktige resultater.

Instruksjoner for installasjon og bruk

1. Batteriinstallasjon:

- Åpne batterirommet.
- Sett inn ett (1) AAbatteri, og sørg for at polariteten er korrekt.
- Lukk batterirommet forsvarlig.

2. Kraft på enheten:

- Trykk på strømknappen for å slå på enheten.
- Vent til enheten har fullført oppstartprosessen før du begynner å bruke den.

3. Navigering i brukergrensesnittet:

- Bruk navigasjonsknappene for å velge ønsket funksjon.
- Følg instruksjonene på skjermen for å angi nødvendige innstillinger.

4. Bruk av Bluetoothfunksjonen:

- Aktiver Bluetooth på din smarttelefon.
- Følg instruksjonene på Kestrelenheten for å koble til din smarttelefon.
- Sørg for at appen er installert og oppdatert for best mulig ytelse.

5. Kalibrering:

- Bruk funksjonen for ballistisk kalibrering for å tilpasse enheten til ditt spesifikke gevær.
- Følg instruksjonene i brukerhåndboken for å fullføre kalibreringsprosessen.

Avfallsinstruksjoner

- Kestrel 5700 Elite Værmåler skal ikke kastes sammen med husholdningsavfall.
- Følg lokale retningslinjer for avfallshåndtering vedrørende elektroniske enheter.
- Sørg for at batteriene blir resirkulert i henhold til gjeldende forskrifter.

Kontaktinformasjon for videre støtte

For ytterligere informasjon eller hjelp, vennligst kontakt produsenten eller din lokale forhandler. Det er viktig å ha tilgjengelig kontaktinformasjon for sikkerhetsspørsmål og teknisk støtte.

Ved å følge disse sikkerhetsinstruksjonene, kan du sikre trygg og effektiv bruk av Kestrel 5700 Elite Værmåler. Takk for at du tar sikkerheten på alvor!
