

# AR-15 RAIL INTERFACE SYSTEM II - DANIEL DEFENSE MK18 RIS II HANDGUARD 9.55" FOR M4A1 BLACK

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

A machined aluminum multi-rail handguard specifically designed for the Special Operations Command (SOCOM) M4A1 carbine, the RIS II enables installation of an M203 40mm grenade launcher, while allowing the barrel to free float. The M203 attaches to the bottom rail quickly and easily, without special tools or additional parts. Full-length, MIL-STD 1913 Picatinny rails provide plenty of space to add other mission-specific accessories as needed. Top rail is designed to mate continuously with the receiver rail. All models come with all required mounting hardware, instructions, and three molded polymer, snap-on rail covers. RIS II requires the installation of a low-profile gas block. FSP RIS II models have a cutout in the top rail that allows retention of the standard A2 gas block/front sight tower on a carbine-length gas system. MK 18 RIS II is specifically designed for an M4A1 carbine with Mk18 CQBR (Close Quarters Battle Receiver) upper receiver and 10.3" barrel. Provides barrel free-float and expanded accessory mounting options, while deleting M203 mounting capability. Requires low-profile gas block.

## Attributes

- Name: [DANIEL DEFENSE MK18 RIS II HANDGUARD 9.55" FOR M4A1 BLACK](#)
- Manufacturer: [DANIEL DEFENSE](#)
- Product no.: 100034444
- Mfr. No.: 01-004-08020-006
- Colour: Black
- Length: 9.55
- Material: Aluminum
- Style: 2-Piece
- Type: Free Float
- Weapon type: AR-15
- Delivery weight: 0.889kg
- Shipping height: 95mm
- Shipping width: 95mm
- Shipping length: 292mm
- UPC: 815604014052

## Item details

Made in USA

US export classification: 0A501.y.1

# Safety Instruction Guide for AR15 Rail Interface System II

## Introduction

Thank you for choosing the AR15 Rail Interface System II by Daniel Defense. This product is designed to enhance the performance of your M4A1 carbine while ensuring safety during use. This guide provides important safety instructions and guidelines to ensure the proper use and maintenance of your handguard.

## General Safety Guidelines

- **Product Safety:** Always ensure the safe use of your AR15 Rail Interface System II. This product is designed to meet safety standards and should be used in accordance with the manufacturer's instructions.
- **Enhanced Recalls:** In the event of a safety recall, you will be notified through standardized recall notices. Always check for updates regarding product safety.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety requirements similar to those of physical stores.
- **Special Consumer Focus:** Extra care should be taken when this product is used around vulnerable groups, including children. Ensure that they are kept at a safe distance during use.
- **EU Contact Point:** For any safety inquiries, it is essential to have access to an EU-based contact for assistance.
- **Rapid Alerts:** Stay informed about any updates on unsafe products via the EU Safety Gate system.

## Specific Safety Precautions for Use

- **Avoid Modifications:** Do not modify the handguard or its components. Any alterations may compromise safety and performance.
- **Check for Damage:** Before installation, inspect the handguard and all components for any signs of damage. Do not use if damaged.
- **Proper Handling:** Handle the handguard with care to avoid injury. Always wear appropriate personal protective equipment (PPE) when installing or using the product.
- **Installation Environment:** Ensure that you are in a safe and controlled environment when installing the handguard. Avoid distractions and ensure proper lighting.
- **Firearm Compatibility:** Ensure that the handguard is compatible with your specific M4A1 carbine model to avoid operational hazards.

## Instructions for Installation and Usage

- **Required Tools:** Ensure you have the necessary tools for installation, including a low-profile gas block if applicable.
- **Installation Steps:**
  1. **Preparation:** Ensure the firearm is unloaded and safe to work on.
  2. **Remove Existing Handguard:** Follow the manufacturer's instructions to safely remove the existing handguard.
  3. **Install LowProfile Gas Block:** If required, install the low-profile gas block according to the manufacturer's guidelines.
  4. **Attach the RIS II Handguard:**
    - Align the handguard with the receiver.
    - Securely attach the handguard using the provided mounting hardware.
    - Ensure that all screws and fittings are tightened according to specifications.
  5. **Check Alignment:** Ensure that the top rail mates continuously with the receiver rail.
  6. **Install Rail Covers:** Attach the molded polymer rail covers as needed to protect unused rail.

sections.

- **Usage Guidelines:**

- Always ensure that the handguard is securely attached before using the firearm.
- Regularly check the tightness of the mounting hardware and the condition of the handguard during regular maintenance.
- Avoid using excessive force when attaching accessories to the rail system to prevent damage.

## Disposal Instructions

- **Environmental Considerations:** Dispose of the product in accordance with local regulations. Avoid disposing of it in regular household waste.
- **Recycling:** If possible, recycle the aluminum components of the handguard to minimize environmental impact.

## Contact Information for Further Support

For any questions or concerns regarding the AR15 Rail Interface System II, please refer to the manufacturer's website or contact your retailer for more information. Always ensure you are seeking assistance from authorized sources to guarantee safety and compliance with regulations.

By following these guidelines, you can ensure safe and effective use of the AR15 Rail Interface System II. Thank you for your attention to safety and for choosing Daniel Defense products.
