

XCEL 100 DIGITAL ELECTRONIC MUFF W/VOICE CLARITY - WALKERS GAME EAR XCEL 100 ELECTRONIC MUFF W/VOICE CLARITY

[Shooting Accessories](#) > [Ear & Eye Protection](#) > [Ear Muffs](#)

An Incredibly Clear Pair of Amplified Hearing Muffs

Walkers took the concept of over-ear hearing protection and brought it into the 21st century with a complete redesign that moves the control board and microphones usually found in the muffs to the headband. This feature allows units like the Walkers XCEL 100 Digital Electronic Muffs to be slimmer and smaller than older earmuffs that prevent a solid cheek weld. Each pair of Walkers XCEL 100 Digital Electronic Muffs features Variable Dynamic Sound Suppression, as well as wind-noise reduction properties and a Hi-Gain Omnidirectional Microphone that all work in conjunction to provide premium sound reduction and enhancement in a compact package. The earmuffs are powered by two AAA batteries, and the redesigned headband provides enhanced comfort. The unit provides 26 decibels of sound reduction.

XCEL 100 Digital Electronic Muff Safety Instruction Guide

Introduction

Thank you for choosing the XCEL 100 Digital Electronic Muff with Voice Clarity by Walkers Game Ear. These earmuffs are designed to provide effective hearing protection while enhancing sound clarity in various environments. To ensure your safety and the optimal performance of the product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the earmuffs are used only for their intended purpose, which is hearing protection in noisy environments.
- Regularly inspect the earmuffs for any signs of damage or wear. Do not use if damaged.
- Keep the earmuffs out of reach of children and vulnerable individuals to prevent misuse.
- Use the earmuffs in accordance with local laws and regulations regarding hearing protection.
- Familiarize yourself with the product features and functions before use.

Specific Safety Precautions for Use

- **Hearing Protection:** The XCEL 100 provides 26 dB of sound reduction. Ensure they are worn properly to achieve the maximum noise reduction.
- **Comfort and Fit:** Adjust the headband for a secure and comfortable fit. An improper fit may reduce effectiveness.
- **Battery Safety:** Use only AAA batteries as specified. Do not mix old and new batteries or different brands.
- **Moisture Protection:** Avoid exposure to excessive moisture or extreme temperatures, which may damage the electronic components.
- **Wind Noise Reduction:** Utilize the windnoise reduction feature by ensuring the microphones are positioned correctly away from wind sources.

Instructions for Installation and Usage

1. Installation of Batteries:

- Open the battery compartment located on the earmuff.
- Insert two AAA batteries, ensuring the correct polarity (+/-) is followed.
- Close the battery compartment securely.

2. Wearing the Earmuffs:

- Place the earmuffs over your ears, ensuring a snug fit.
- Adjust the headband for comfort and to ensure a tight seal around the ears.

3. Using the Features:

- Turn on the earmuffs using the power switch.
- Adjust the volume control to your preference.
- Test the Variable Dynamic Sound Suppression feature in a controlled environment to understand its response to different sound levels.

4. Maintenance:

- Clean the earmuffs regularly with a soft, dry cloth.
- Avoid using solvents or harsh chemicals which may damage the material.

Disposal Instructions

- Dispose of the earmuffs and batteries in accordance with local regulations.
- Do not dispose of batteries in fire, as they may explode.
- Consider recycling the product if possible. Check with local recycling programs for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding the safety or functionality of your XCEL 100 Digital Electronic Muff, please contact the manufacturer directly through the provided customer support channels. Ensure you have the product information at hand for quicker assistance.

By adhering to these safety guidelines and instructions, you will ensure a safe and effective experience with your XCEL 100 Digital Electronic Muff. Thank you for prioritizing your hearing protection.
