

AR-15 M-LOK HANDGUARDS BLACK - WILSON COMBAT AR-15 HANDGUARD 7.3" BLACK M-LOK

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The best of both worlds-Wilson Combat's lightweight but rock solid T.R.I.M rails for AR pattern rifles have been updated with the Magpul M-Lok accessory attachment system. Available in multiple lengths, these new AR handguard rails are among the ultimate in high quality, user-installed modularity. Their precision machined three, six, and nine O'Clock M-Lok positions enable fast, easy mounting of multiple shooting accessories popular across the shooting industry. In addition to a lighter, sleeker rail profile, the barrel nut design was retained from the original T.R.I.M rail to make it simple for users to easily swap the older T.R.I.M rail design with the M-Lok version. The T.R.I.M. (Tactical Rail Interface, Modular) AR rail has been designed by the Wilson Combat engineering team to be among the lightest, strongest and most versatile compact free-floating rail systems on the market. Machined from high-strength 6005A-T5 aircraft aluminum with a Mil-Spec hard anodized finish, the T.R.I.M. rail handguard / interface and its robust, anti-rotational mounting system won't sacrifice strength, stability or accuracy over bulkier designs. The oversize and tough nitrocarburized 4130 steel barrel attachment nut reduces heat transfer and the ergonomic handguard design offers a sleek, non-abrasive platform for comfortable dynamic shooting. Available in 9.3" or 13.8". Light, Strong and Compact Free-Floating Rail Design Machined from 6005A-T5 Aluminum Extrusion Mil-Spec Hard Anodized Black Finish Simple, 5-Minute Installation with Common Hand Tools Easily Removed or Replaced in the Field 1.47" Internal Diameter is Compatible with most Low-Profile Gas Blocks Overall weight with attachments: 9.4 oz./11.6oz Note: The hardened screws used in this handguard are tapered at the base to provide a flush, smooth fit. It is important that during initial installation that a small amount of grease is placed on the tapered shoulder of the screw to prevent screw galling against the softer rail. If a screw seizes and becomes immobile do not attempt removal, please contact Wilson Combat customer service.

Attributes

- Name: [WILSON COMBAT AR-15 HANDGUARD 7.3" BLACK M-LOK](#)
- Manufacturer: [WILSON COMBAT](#)
- Product no.: 100040549

Safety Instruction Guide for the AR15 MLOK Handguards Black

Introduction

Thank you for choosing the AR15 MLOK Handguards by Wilson Combat. This guide provides essential safety instructions to ensure the proper and safe use of this product. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that all safety instructions are followed to prevent accidents and injuries.
- The handguard is designed for use with AR15 pattern rifles only. Using it with incompatible firearms may result in malfunction or injury.
- Always wear appropriate protective gear, including safety glasses and gloves, when handling firearms and accessories.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the handguard and its mounting system for wear or damage. Replace any damaged components immediately.
- In case of any doubts regarding the product's safety or installation, seek assistance from a qualified gunsmith or contact customer service.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installation or maintenance of the handguard.
- Do not exceed the recommended weight limit for accessories mounted on the handguard to maintain stability and performance.
- Be cautious of heat generated during shooting. Allow the handguard to cool down before handling.
- Avoid using excessive force when tightening screws to prevent damage to the handguard or firearm.
- If a screw becomes stuck or immobile, do not attempt to forcibly remove it. Contact customer service for assistance.

Instructions for Installation and Usage

1. Preparation

- Gather the necessary tools: a torque wrench, appropriate screwdrivers, and grease.
- Ensure that the firearm is completely unloaded and pointed in a safe direction.

2. Installation Steps

- Remove the existing handguard from the firearm, if applicable.
- Apply a small amount of grease to the tapered shoulder of the screws to prevent galling.
- Align the new MLOK handguard with the mounting points on the firearm.
- Secure the handguard using the provided screws, tightening them evenly to ensure a flush fit.
- Follow the manufacturer's torque specifications to avoid overtightening.

3. Usage

- Familiarize yourself with the handguard's features, including the MLOK accessory slots.
- Attach accessories only to the MLOK positions as intended.
- Regularly check the tightness of the screws and the condition of the handguard during use.

Disposal Instructions

- Dispose of the handguard in accordance with local regulations regarding aluminum and firearm accessories.
- If the handguard is damaged beyond repair, consult local authorities for proper disposal methods to ensure environmental safety.

Contact Information for Further Support

For any inquiries regarding safety, installation, or product support, please reach out to Wilson Combat customer service. Ensure you have your product details ready for efficient assistance.

By following these safety instructions, you will ensure a safe and enjoyable experience with your AR15 MLOK Handguards. Thank you for your attention to safety.
