

# OKW-18350 WEAPONS LIGHTS - MODLITE SYSTEMS OKW-18350 COMPLETE LIGHT, NO TAILCAP, NO CHARGER

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Weapon Lights](#)

## Light Up Your Target-Weapon Light with Extreme Throw

This Modlite light package contains an OKW light head, 18350 body and comes in 3 different packages, one that includes a tail cap, one without a tail cap, and one without either a tail cap or charger for those that don't need those items. It also includes a single KeepPower 1200mAh 18350 battery and a XTAR MC2 charger. While lumen output is only 680 lumens the throw is about 400% greater than the M600DF. This light head is best suited for situations where extreme throw is needed. Battery: Lithium Lumens: 680 Style: Weaponlight 6061 Series Alum bezel with Mil-Spec Hard Anodizing. Ultra-clear BORO FLOAT® lens allows 98-99% light transmittance. The Modlite OKW 18350 has approximately 680 out the front lumens and the candela is approximately 69,000. It is an excellent overall light head good for indoor or outdoor use. Runtime is about 35 minutes with the supplied 18350 cells. Hand assembled and tested in the USA. Lifetime guarantee.

## Safety Instructions

### Introduction

Thank you for choosing the OKW18350 Weapons Lights Modlite Systems. This guide provides essential safety instructions and guidelines to ensure safe and effective use of your new lighting system. Please read this manual carefully before use.

### General Safety Guidelines

- Ensure that the product is used only for its intended purpose as a weaponmounted light.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of damage or wear. Do not use if damaged.
- Follow all local laws and regulations regarding the use of weaponmounted lights.
- Store the product in a cool, dry place when not in use.
- Do not expose the product to extreme temperatures, moisture, or direct sunlight for extended periods.

### Specific Safety Precautions for Use

- Always ensure that the light is securely mounted before use.
- Avoid looking directly into the light beam to prevent eye injury.
- Be aware of your surroundings when using the light to avoid accidents.
- Do not modify the product in any way, as this may compromise its safety and functionality.
- Use only the recommended battery (18350) and charger (XTAR MC2) for optimal performance.
- Ensure that the battery is installed correctly to prevent leaks or malfunctions.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure the weapon is unloaded before installing the light.
- Mount the light securely to the designated rail on your weapon.
- Tighten all screws and attachments to ensure stability.

#### 2. Battery Installation:

- Remove the light head from the body.
- Insert the KeepPower 1200mAh 18350 battery, ensuring the positive (+) and negative (-) terminals are aligned correctly.
- Reattach the light head securely.

#### 3. Usage:

- Turn on the light by pressing the activation switch.
- Adjust the beam as needed for your specific requirements.
- After use, turn off the light to conserve battery life.

#### 4. Charging:

- Connect the XTAR MC2 charger to a power source.
- Insert the 18350 battery into the charger, ensuring correct polarity.
- Monitor the charging process; do not leave the battery unattended while charging.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of batteries in regular household waste. Instead, use designated battery recycling facilities.
- Ensure that the product is completely decommissioned before disposal to prevent accidental activation.

## **Contact Information for Further Support**

For any safety inquiries or product support, please contact the manufacturer directly. Ensure you have your product details ready for reference.

By following these guidelines, you can ensure the safe and effective use of your OKW18350 Weapons Lights Modlite Systems. Thank you for your attention to these important safety measures.
