TRUE BARREL FOR GLOCK 19/19X & 45 TRUE PRECISION NONTHREADED BARREL SAFETY INSTRUCTIONS

Introduction

Thank you for choosing the TRUE BARREL for your Glock 19, 19X, or Model 45. This guide provides essential safety instructions and installation guidelines to ensure the safe use of your product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- **Product Safety:** Ensure safe use of the barrel by following all instructions. This product is designed for use with Glock 19, 19X, and Model 45 pistols in Gen 15.
- **Enhanced Recalls:** Stay informed about product recalls. If a recall occurs, you will be provided with standardized notices and free remedies.
- **Online Shopping:** When purchasing online, ensure that the seller meets safety requirements similar to physical stores.
- **Special Consumer Focus:** Extra care should be taken when this product is used by or around vulnerable groups, including children.
- **EU Contact Point:** For safety inquiries, refer to the designated EU contact point for your product.
- **Rapid Alerts:** Be aware of updates regarding unsafe products through the EU Safety Gate system.

Specific Safety Precautions for Use

- **Compatibility:** Only use this barrel with Glock 19, 19X, and Model 45 pistols. Ensure that your firearm is in good condition before installation.
- **Inspection:** Before installation, inspect the barrel for any signs of damage or defects. Do not use a damaged barrel.
- **Ammunition:** Use only 9mm ammunition that is compatible with the barrel. The broach cut design allows for the use of all ammo types, including cast lead.
- **Installation:** Follow the installation instructions carefully. Improper installation may result in malfunction or injury.
- **Handling:** Always treat the firearm as if it is loaded. Keep the firearm pointed in a safe direction at all times.
- **Storage:** Store the firearm and barrel in a secure location, out of reach of children and unauthorized users.

Instructions for Installation and Usage

1. Preparation:

- Ensure you have the necessary tools for installation.
- Make sure your Glock is unloaded and the magazine is removed.

2. Installation Steps:

- Remove the slide from the Glock frame.
- Take out the factory barrel from the slide.
- Insert the TRUE BARREL into the slide. Ensure it is seated properly.
- Reassemble the slide and frame, ensuring all components are aligned.
- Check for proper fit and function by cycling the action several times.

3. Usage:

- Once installed, test the firearm in a controlled environment.
- Follow all standard operating procedures for firearm safety during use.
- Regularly clean and maintain the barrel to ensure optimal performance.

Disposal Instructions

- **Disposal of Product:** When the barrel reaches the end of its life or is no longer usable, dispose of it in accordance with local regulations for metal recycling.
- **Environmental Considerations:** Do not dispose of the barrel in regular trash. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the TRUE BARREL, please refer to the designated EU contact point for safety inquiries. It is important to ensure that you have the correct information for support.

By following these guidelines, you can help ensure your safety and the proper functioning of your TRUE BARREL for Glock 19, 19X, and Model 45. Thank you for your attention to these important safety instructions.
