[Home](#)

The VanGuard 2 Advanced Kit is a capability upgrade to the venerable VanGuard 2 minimalist IWB holster. Unlike traditional IWB holsters, the VG2 covers only the trigger guard of your weapon. This unique design eliminates the bulk of a traditional holster, while providing a level of safety and security not attainable by simply sticking a pistol in the waistband of your pants. The VG2 Advanced Kit's inclusion of the RCS CLAW takes this system's concealability to the next level, by leveraging the grip of the pistol close to the body, while still allowing for a clean, repeatable draw. The VanGuard 2 Advanced Kit with the RCS CLAW can be equipped with either a Tuckable strut with overhook or Tuckable strut with soft loop, to allow you to choose the best belt interface system for your carry and mission type. This combination is adjustable for ride-height and cant, is fully ambidextrous, and is the ultimate in deep concealment technology when combined with our proprietary tuckable struts. Please note that the VG2 Advanced kit is not compatible with the Basic Kit Strut or the Lanyard option. VG2 CLAWs are only compatible with the model of VG2 shell specified. For example, a Glock VG2 CLAW will NOT fit a M&P VG2 holster shell. Please be aware, RCS does not advise attempting to re-holster the weapon while the VG2 is inside your clothing. You should remove the VG2 and install it on the weapon outside of your waistband.

# VANGUARD 2 HOLSTERS ADVANCED KIT SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the VANGUARD 2 Advanced Kit by RAVEN CONCEALMENT SYSTEMS. This guide provides essential safety instructions to ensure the safe and effective use of your holster. Please read all sections carefully before use.

## General Safety Guidelines

- Ensure the holster is compatible with your firearm model (Sig Sauer P320 or P320 Compact).
- Always treat your firearm as if it is loaded.
- Keep the holster and firearm away from children and unauthorized users.
- Regularly inspect the holster for wear and damage. Do not use if damaged.
- Familiarize yourself with local laws regarding concealed carry and holster use.

## Specific Safety Precautions for Use

- Do not attempt to reholster the firearm while it is inside your clothing.
- Always remove the holster from your waistband before reholstering the firearm.
- Ensure the trigger guard is fully covered when using the holster.
- Use the RCS CLAW to enhance concealment and prevent printing.
- Adjust the ride height and cant to ensure a comfortable and safe carry position.
- Do not modify the holster or its components in any way.

## Instructions for Installation and Usage

### 1. Choosing the Right Strut:

- Select either the Tuckable strut with overhook or Tuckable strut with soft loop based on your preference for belt interface.

### 2. Adjusting the Holster:

- Use the included hardware to adjust the ride height and cant of the holster to your comfort level.
- Ensure all screws are tightened securely after adjustments.

### 3. Attaching the Holster:

- Slide the holster onto your belt or waistband, ensuring it sits comfortably against your body.
- Make sure the firearm is unloaded before inserting it into the holster.

### 4. Inserting the Firearm:

- With the holster outside your clothing, insert your unloaded firearm into the holster.
- Ensure the firearm is seated securely and the trigger guard is fully covered.

### 5. Wearing the Holster:

- Once the firearm is properly secured, adjust your clothing to cover the holster and firearm for concealment.
- Practice drawing your firearm from the holster in a safe and controlled environment.

## **Disposal Instructions**

- Dispose of the holster in accordance with local regulations.
- If the holster is damaged or no longer needed, consider recycling or disposing of it responsibly.
- Do not incinerate the holster as it may release harmful substances.
