

## PERUN HOLSTERS - G26/G27 PERUN HOLSTER BLACK

The Raven Concealment Systems Perun is their flagship outside-the-waistband (OWB) holster. It is the result of blending the best features of two of our most popular holsters, the Eidolon and the Phantom, to create a highly refined, exceptionally concealable holster. The Perun is designed to be the best modular OWB “pancake” style holster on the market. It has a body-hugging design that rides high for maximum concealment. The body of the holster is only slightly larger than the pistol contained in it. This small size aids in concealment while also making the holster more comfortable while seated in a vehicle. The body-hugging curvature of this holster is accomplished using modular belt loops. Each holster includes three pair of 1.5” belt loops (LH 10 degree cant, RH 10 degree cant, and ambi 0 degree cant), which allow the end-user to configure the ambidextrous holster body for left-handed or right-handed use, with either a 0-degree or 10-degree cant. Retention in the Perun is crisp, defined, and consistent, thanks to innovative design features inside the holster body. The unique retention slider makes adjusting retention as simple as turning up the volume on your stereo. And unlike other holsters that use the traditional “screw through a rubber grommet” style of retention, the Perun’s retention will not back off after repeated drawing and re-holstering. The Perun is compatible with most slide-mounted red-dot optics (like the Aimpoint T-1, Trijicon RMR, etc.) and accommodates suppressor-height front sights up to .350” tall. It is also fully compatible with the RCS Balor optic mount. The Glock Perun is compatible with generation 3-5 Glock pistols. The Perun is compatible with all small frame 9mm, .40S&W, and .357sig Glocks. Example, The Glock 17 Perun will fit the corresponding standard full sized pistols such as the .40 G22 and .357 G31. The Glock 19 Perun will fit the corresponding compact sized pistols such as the .40 G23 and .357 G32. Raven Concealment Systems also has Surefire X300U A/B and Streamlight TLR-1HL light compatible Perun LC models available for Glocks. Both the Glock Perun LC for Surefire X300U A/B, and the Glock Perun LC for Streamlight TLR-1HL holsters are compatible with generation 3-5 Glock 9mm/.40S&W/.357 Glock pistols (up to Glock 34/35 length slide) with the weapon light attached. For example, this holster will accommodate a Glock 19, Glock 17, or Glock 34 with the weapon light mounted on it. The muzzle-end of the holster is rounded for comfort, yet has an opening sufficient to accommodate most common after-market extended and threaded barrels (with thread protectors). The opening at the muzzle is also specifically designed to allow foreign objects (like spent casings) to drop out the bottom so that nothing can block your pistol from being safely re-holstered. The ambidextrous holster body has both inboard and outboard full-height body shields. These body shields offer some protection for your pistol from sweat, as well as protecting your skin and cover garments (especially the thin material used for linings in sport coats and suit jackets) from being abraded by the serrations on the rear of the slide. They also enhance safety by helping keep cover garments and other foreign objects from falling into the mouth of the holster while you have your pistol drawn, and aid in proper, safe muzzle orientation during re-holstering. The holster is injection molded from a proprietary, extremely high-strength polymer blend that is significantly more durable than Kydex or Boltaron. Like all RCS products, it is made in the USA, and is backed by our lifetime warranty.

## Attributes

- Name: G26/G27 PERUN HOLSTER BLACK
- Manufacturer: RAVEN CONCEALMENT SYSTEMS
- Product no.: 100044121
- Mfr. No.: PXG26
- Color: Black
- Hand: Ambidextrous
- Make: Glock

# PERUN HOLSTERS G26/G27 PERUN HOLSTER BLACK Safety Instructions

## Introduction

Thank you for choosing the PERUN HOLSTERS G26/G27 PERUN HOLSTER BLACK by Raven Concealment Systems. This holster is designed for safe and comfortable carrying of your Glock pistol. Please read this safety instruction guide carefully to ensure proper use and maintenance of your holster.

## General Safety Guidelines

- Ensure the holster is compatible with your specific Glock model (G26, G27, G31).
- Always verify that your firearm is unloaded before inserting it into the holster.
- Keep the holster and firearm out of reach of children and unauthorized users.
- Regularly inspect the holster for any signs of wear or damage.
- If you notice any defects, discontinue use immediately and contact the manufacturer.
- Be aware of your surroundings when drawing or reholstering your firearm.

## Specific Safety Precautions for Use

- Do not modify or alter the holster in any way, as this may compromise safety.
- Ensure that the retention slider is properly adjusted for your preferred level of retention.
- Always practice safe muzzle orientation when drawing or reholstering your firearm.
- Avoid wearing loose clothing that may interfere with the holster or firearm.
- Be cautious when seated in a vehicle, ensuring the holster does not become dislodged.

## Instructions for Installation and Usage

### 1. Holster Configuration:

- Choose the appropriate belt loop configuration based on your handedness (lefthanded or righthanded).
- Use the provided 1.5" belt loops (LH 10 degree cant, RH 10 degree cant, and ambi 0 degree cant) for a secure fit.

### 2. Inserting the Firearm:

- Ensure the firearm is unloaded.
- Carefully insert the firearm into the holster, ensuring it is seated properly.

### 3. Adjusting Retention:

- Use the retention slider to adjust the retention level to your preference.
- Test retention by drawing the firearm and ensuring it stays securely in the holster when not drawn.

### 4. Drawing the Firearm:

- Stand in a stable position with a proper grip on the firearm.
- With your dominant hand, draw the firearm straight up and out of the holster.

### 5. Reholstering:

- Always ensure the muzzle is pointed in a safe direction.
- Carefully guide the firearm back into the holster, ensuring it is fully seated before releasing.

## Disposal Instructions

- When disposing of the holster, ensure it is done in an environmentally friendly manner.
- Check local regulations for proper disposal methods of polymer materials.
- Do not dispose of the holster in a manner that could pose a risk to others.

## **Contact Information for Further Support**

For any inquiries or support regarding the PERUN HOLSTERS G26/G27 PERUN HOLSTER BLACK, please refer to the manufacturer's website or contact their customer service directly.

By following these safety instructions, you can ensure a safe and effective experience with your PERUN HOLSTERS G26/G27 PERUN HOLSTER BLACK. Always prioritize safety and responsible firearm handling.
