## A Set of Earmuffs That Provide Passive Support

Active hearing-protection equipment relies on electronics to provide noise reduction, and these muffs also often work to amplify select sounds in a shooter's environment, allowing them to communicate. However, these muffs are often pricey options, meaning many shooters have just a pair for themselves. If you're taking friends to the range, make sure they have hearing protection, too, and these Walkers Razor Slim Passive Muffs are an effective, affordable option, so you can have multiple pairs on-hand. Each pair of Walkers Razor Slim Passive Earmuffs have slim, low-profile earcups that won't get in the way of a solid cheek weld, and the wire-reinforced headband provides comfort for all-day wear. When you're done shooting, these muffs collapse into a compact, easily carried package that you can stash in your range bag for future use. Total NRR is 27 decibels.

## RAZOR SLIM PASSIVE MUFF OD GREEN Safety Instructions

### Introduction

Thank you for choosing the Walkers Razor Slim Passive Muffs. These earmuffs are designed to provide effective hearing protection while allowing for communication in shooting environments. This guide contains important safety instructions to ensure the safe use and maintenance of your earmuffs.

### General Safety Guidelines

- Always inspect the earmuffs for any damage before use. Do not use if any parts are broken or missing.
- Ensure the earmuffs fit securely and comfortably over your ears to maximize noise reduction.
- Keep the earmuffs clean and dry. Avoid exposure to extreme temperatures and humidity.
- Store the earmuffs in a cool, dry place when not in use.
- Be mindful of your surroundings and avoid using the earmuffs in situations where situational awareness is crucial.
- Report any unsafe products or accidents to the appropriate authorities.

### Specific Safety Precautions for Use

- These earmuffs are designed for adult use. Keep them out of reach of children to prevent misuse.
- Do not modify the earmuffs in any way. Alterations can compromise safety and effectiveness.
- Use the earmuffs only for their intended purpose—hearing protection in shooting environments.
- Avoid using the earmuffs in extremely loud environments without additional protective measures.
- If you experience discomfort or reduced hearing while using the earmuffs, discontinue use immediately.

### Instructions for Installation and Usage

#### • Wearing the Earmuffs:

1. Place the earmuffs over your ears, ensuring a snug fit.
2. Adjust the headband for comfort. The earmuffs should not be too tight or too loose.

#### • Cleaning the Earmuffs:

- Wipe the exterior with a soft, damp cloth to remove dirt and debris.
- Avoid using harsh chemicals or solvents that could damage the materials.

#### • Storing the Earmuffs:

- Collapse the earmuffs for compact storage.
- Store in the provided carrying case or a designated storage area in your range bag.

#### • Using the Earmuffs While Shooting:

- Ensure that the earmuffs are properly positioned before firing.
- Maintain communication with others using hand signals or visual cues to avoid miscommunication.

## **Disposal Instructions**

- Dispose of the earmuffs in accordance with local regulations.
- If the earmuffs are no longer usable, consider recycling them if applicable.
- Do not dispose of the earmuffs in regular household waste if they contain electronic components.

## **Contact Information for Further Support**

For any inquiries regarding safety, product usage, or issues, please refer to the contact details provided with your product packaging or visit the manufacturer's website.

Thank you for prioritizing safety while using the Walkers Razor Slim Passive Muffs. Your attention to these guidelines helps ensure a safer experience for you and those around you.
