

BOLT-ACTION 264 CALIBER STAINLESS STEEL BARRELS - PROOF RESEARCH 264 CALIBER 1-8 TWIST 28" STAINLESS STEEL M24 BARREL

[Rifle Parts](#) > [Barrel Parts](#) > [Rifle Barrels](#)

Your bolt-action barrel will arrive ready for thread and chamber by your gunsmith. When PROOF Research joined with Lawrence Barrels in 2012, they acquired 15 years of experience in manufacturing precision steel barrels. PROOF now manufactures stainless steel barrels in-house with an absolute commitment to extreme accuracy and quality. They start with double stress-relieved 416R stainless steel, a pre-hardened chromium stainless steel ideally suited for use in precision, match-grade rifle barrels. 416R was specifically designed by engineers in collaboration with barrel makers and rifle manufacturers to provide the consistency, high quality and durability the firearms industry demands. 416R is the material of choice because it has the following characteristics: Excellent machinability for gun drilling and reaming, plus exceptional polishability for uniform lapping—a must for bore accuracy. A homogeneous microstructure which responds to heat treatment providing a uniform hardness along the length of the bar, necessary for accurate rifling to precise groove dimensions. An optimum combination of high tensile strength along with adequate toughness to withstand typical chamber pressures encountered during firing. 416R arrives at the factory in long lengths and is then cut to finished barrel length. The barrels are then drilled, contoured and reamed to the bore diameter of the cartridge for which they are to be chambered. The barrels are then rifled, hand lapped and individually inspected with a bore scope.

Attributes

- Name: [PROOF RESEARCH 264 CALIBER 1-8 TWIST 28" STAINLESS STEEL M24 BARREL](#)
- Manufacturer: [PROOF RESEARCH](#)
- Product no.: 100046256
- Mfr. No.: 101094
- Barrel Weight: 6.10 lbs
- Cartridge: 264 Caliber
- Contour: M24
- Finish: Stainless Steel
- Length: 28"
- Twist: 1-8
- Delivery weight: 3.47kg
- Shipping height: 76mm
- Shipping width: 89mm
- Shipping length: 845mm
- UPC: 843068101094

Item details

Made in USA

US export classification: 0A501.c

Safety Instruction Guide for BOLTACTION 264 CALIBER STAINLESS STEEL BARRELS

Introduction

Thank you for choosing the BOLTACTION 264 CALIBER STAINLESS STEEL BARRELS by PROOF Research. This guide provides important safety instructions and guidelines to ensure the safe use and maintenance of your barrel. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure that the barrel is installed by a qualified gunsmith to guarantee proper threading and chambering.
- Always handle firearms and firearm components with care, treating every firearm as if it is loaded.
- Store the barrel in a cool, dry place away from direct sunlight and moisture to prevent corrosion.
- Regularly inspect the barrel for signs of wear or damage before use.
- Follow all local laws and regulations regarding the use and storage of firearms and firearm components.

Specific Safety Precautions for Use

- Do not use the barrel with ammunition that exceeds the recommended specifications for the 264 caliber.
- Avoid using a barrel that shows any signs of damage, such as dents, cracks, or excessive wear.
- Use proper eye and ear protection when firing the rifle equipped with this barrel.
- Ensure the firearm is pointed in a safe direction at all times when loading, unloading, or firing.
- Be aware of your surroundings and ensure that the area is clear of people and obstacles before firing.

Instructions for Installation and Usage

- **Installation:**
 - Have the barrel installed by a qualified gunsmith to ensure proper threading and chambering.
 - Ensure that the gunsmith uses appropriate tools and techniques for installation to avoid damage to the barrel or firearm.
- **Usage:**
 - Always refer to the manufacturer's specifications for the correct ammunition type and load.
 - Before each use, clean the barrel to remove any debris or fouling that may affect accuracy.
 - After firing, allow the barrel to cool down before cleaning or handling to prevent burns.

Disposal Instructions

- Dispose of any damaged or worn barrels in accordance with local regulations.
- Do not attempt to recycle or repurpose the barrel for any other use.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding safety or product performance, please contact the manufacturer or your local dealer. They will provide guidance and support as needed.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your BOLTACTION 264 CALIBER STAINLESS STEEL BARRELS. Thank you for your attention to safety.
