# CARBIDE SIZER DIES LEE PRECISION 44 SPECIAL/ MAGNUM FULL LENGTH SIZING DIE ONLY CARBIDE

## Safety Instruction Guide

### Introduction

Thank you for purchasing the Lee Carbide Full Length Sizing Die, designed for 44 Special and Magnum cartridges. This guide provides important safety instructions to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR). Please read this manual carefully before using the product.

### General Safety Guidelines

- Ensure the product is used only for its intended purpose, which is to resize 44 Special and Magnum cartridges.
- Always follow the manufacturer's instructions for use and maintenance.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

### Specific Safety Precautions for Use

- Use personal protective equipment (PPE) such as safety glasses when operating the die.
- Ensure that the workspace is clean, dry, and free from distractions.
- Do not exceed the recommended cartridge specifications.
- Avoid using the die with damaged or improperly sized cartridges.
- Handle the die with care to prevent injury from sharp edges.
- Follow all local laws and regulations regarding the use of reloading equipment.

### Instructions for Installation and Usage

#### 1. Installation

- Ensure that your reloading press is compatible with Lee Carbide Full Length Sizing Dies.
- Securely mount the die into the press following the manufacturer's instructions.
- Adjust the die according to the specific requirements of your cartridge.

#### 2. Usage

- Inspect each cartridge before resizing. Discard any that show signs of damage or wear.
- Lubrication is not required for carbide dies; however, ensure that the die and cartridges are clean.
- Insert the cartridge into the die and operate the press smoothly to resize the cartridge.
- Ensure that the resizing operation is completed without excessive force to avoid damaging the die or cartridge.
- Once resizing is complete, inspect the cartridge for proper sizing before proceeding to the next step in the reloading process.

### Disposal Instructions

- Dispose of any damaged or unusable cartridges and materials according to local regulations.
- Do not dispose of the die in regular household waste. Instead, follow local guidelines for the disposal of metal products.

## **Contact Information for Further Support**

For any inquiries or additional support regarding the Lee Carbide Full Length Sizing Die, please refer to the manufacturer's contact points provided with the product or on their official website.

Thank you for prioritizing safety while using the Lee Carbide Full Length Sizing Die. Enjoy your reloading experience responsibly!
