Safety Instruction Guide for CARBIDE SIZER DIES LEE PRECISION 38 SUPER FULL LENGTH SIZING DIE ONLY CARBIDE

Introduction

Thank you for choosing the Lee Carbide Full Length Sizing Die. This product is designed for the safe and effective resizing of straight wall cartridges, specifically for the 38 Super Auto. Please read this safety instruction guide carefully to ensure proper usage and safety.

General Safety Guidelines

- Always read and understand all instructions before using the product.
- Ensure that the product is suitable for your specific needs and intended use.
- Store the product in a secure location out of reach of children and vulnerable individuals.
- Inspect the product for any damage or wear before each use.
- Follow all local laws and regulations regarding the use and handling of reloading equipment and ammunition.

Specific Safety Precautions for Use

- Wear appropriate safety gear, including safety glasses and gloves, when using the sizing die.
- Do not exceed the manufacturer's recommended specifications for cartridge resizing.
- Ensure that the work area is clean, welllit, and free from distractions.
- Avoid using the sizing die if you are tired, under the influence of drugs or alcohol, or if you are experiencing any medical issues that could affect your ability to operate the equipment safely.
- Never attempt to modify the sizing die or use it for purposes other than its intended use.

Instructions for Installation and Usage

1. Installation of the Sizing Die:

- Ensure that your reloading press is clean and properly set up.
- Insert the carbide sizing die into the press according to the manufacturer's instructions.
- Secure the die tightly to prevent any movement during use.

2. Using the Sizing Die:

- Place an empty cartridge case into the shell holder of the reloading press.
- Operate the press handle smoothly to raise the ram and bring the cartridge case into contact with the die.
- Apply consistent pressure until the resizing process is complete.
- Lower the ram to remove the resized cartridge case.
- Repeat the process for additional cartridge cases as needed.

3. PostUsage:

- Clean the sizing die after use to remove any debris or residue.
- Store the die in a safe, dry location to prevent damage.

Disposal Instructions

- Dispose of any damaged or wornout dies according to local regulations.
- Do not throw away the die in regular household waste if it is still in good condition; consider donating or recycling it if possible.
- Ensure that any packaging materials are disposed of responsibly.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience while using the Lee Carbide Full Length Sizing Die. Always prioritize safety and adhere to the guidelines provided in this document. Thank you for your commitment to safe reloading practices.
