# **Safety Instruction Guide for RIFLE 2 DIE SETS LEE PRECISION .43 SPANISH PACESETTER FULL LENGTH SIZING 2DIE SET**

## **Introduction**

Thank you for choosing the RIFLE 2 DIE SETS LEE PRECISION .43 SPANISH PACESETTER FULL LENGTH SIZING 2DIE SET. This product is designed for safe and effective use in reloading ammunition. Please read through this safety instruction guide carefully to ensure proper handling and usage of the product.

## **General Safety Guidelines**

- Always use the product in accordance with the manufacturer's instructions.
- Keep the die set out of reach of children and unauthorized users.
- Inspect the die set for any damage before use. Do not use damaged components.
- Ensure that your work area is clean and free from distractions while using the die set.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves.
- Store the die set in a cool, dry place to prevent rust and deterioration.
- Report any unsafe products or incidents to the relevant authorities.

## **Specific Safety Precautions for Use**

- Be aware of the potential hazards associated with reloading ammunition, including:
  - Fire hazards from gunpowder.
  - Injury from handling sharp tools.
  - Risks of explosion if improperly loaded ammunition is used.
- Always follow the recommended load data provided with the die set.
- Do not exceed maximum load limits as specified in the instructions.
- Ensure that all components used in the reloading process are compatible with the .43 Spanish cartridge.
- Avoid using the die set while under the influence of drugs or alcohol.

## **Instructions for Installation and Usage**

### **1. Unboxing the Die Set**

- Carefully remove the die set from the packaging.
- Check that all components are included: Full Length Sizing Die, Bullet Seating Die, Universal Shell Holder, Powder Dipper, and Instructions/Load Data.

### **2. Setting Up the Die Set**

- Secure the Full Length Sizing Die into your reloading press according to the manufacturer's instructions.
- Adjust the die to the desired height for proper sizing of the cartridge.

### **3. Using the Full Length Sizing Die**

- Insert the cartridge case into the Universal Shell Holder.
- Raise the press handle to size the case fully.
- Lower the handle and remove the sized case.

### **4. Using the Bullet Seating Die**

- Insert the bullet into the case mouth.
- Adjust the Bullet Seating Die to achieve the desired bullet seating depth.
- Raise the press handle to seat the bullet into the case.

#### **5. Using the Powder Dipper**

- Use the Powder Dipper to measure the correct amount of powder as per the load data provided.
- Pour the measured powder into the cartridge case before seating the bullet.

#### **6. Final Checks**

- Inspect each completed cartridge for proper seating and powder levels before using.

## **Disposal Instructions**

- Dispose of any unused or expired components according to local regulations.
- Do not dispose of gunpowder or ammunition in regular trash.
- Contact local waste management authorities for guidance on the safe disposal of hazardous materials.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

Thank you for your attention to these safety guidelines. Safe reloading practices ensure your safety and the quality of your ammunition.
