# RIFLE 2 DIE SET LEE PRECISION .350 REMINGTON MAG PACESETTER FULL LENGTH SIZING 2DIE SET Safety Instruction Guide

## Introduction

Thank you for choosing the RIFLE 2 DIE SET LEE PRECISION .350 REMINGTON MAG PACESETTER FULL LENGTH SIZING 2DIE SET. This guide provides essential safety instructions and usage information to ensure safe handling and operation of the product. Please read this guide carefully before using the product.

## General Safety Guidelines

- Always handle reloading equipment with care and respect.
- Ensure that you are familiar with the operation of the die set before use.
- Keep the die set and all components out of reach of children and unauthorized individuals.
- Inspect the die set for any signs of damage or wear before use.
- Always wear appropriate safety gear, including safety glasses, when reloading ammunition.
- Store the die set in a dry, secure place when not in use.

## Specific Safety Precautions for Use

- Ensure that your workspace is clean, organized, and free from distractions.
- Use only the recommended components and materials for reloading specific to .350 Remington Mag cartridges.
- Follow the manufacturer's instructions carefully for all loading processes.
- Do not exceed recommended loads as indicated in load data.
- Be aware of the potential for static electricity when handling powders; take appropriate precautions.
- Never smoke or have open flames near your reloading area.
- If you experience any malfunctions, stop using the equipment and consult the instructions.

## Instructions for Installation and Usage

### 1. Unpacking the Die Set

- Carefully remove the die set from its packaging.
- Ensure that all components are present: Full Length Sizing Die, Bullet Seating Die, Universal Shell Holder, Powder Dipper, and Instructions/Load Data.

### 2. Setting Up the Die Set

- Securely mount your reloading press to a stable workbench.
- Install the Full Length Sizing Die into the press according to the manufacturer's instructions.
- Adjust the die to the correct height for your specific cartridge.

### 3. Reloading Process

- Follow these steps for reloading:
  1. Insert the Universal Shell Holder into the press.
  2. Place a clean, fired cartridge case into the shell holder.
  3. Operate the press to size the case using the Full Length Sizing Die.
  4. Remove the sized case and inspect it for defects.
  5. Use the Powder Dipper to measure the appropriate amount of powder.

6. Insert the powder into the case.
7. Place a bullet into the case mouth and use the Bullet Seating Die to seat the bullet to the desired depth.

#### **4. Finishing Up**

- After reloading, inspect all completed cartridges for any defects.
- Store reloaded ammunition in a safe and secure location.

## **Disposal Instructions**

- Dispose of any unused materials, such as spent primers and powder, in accordance with local regulations.
- Do not throw away hazardous materials in regular household waste.
- Contact local waste management authorities for guidelines on safe disposal of reloading materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the RIFLE 2 DIE SET LEE PRECISION .350 REMINGTON MAG PACESETTER FULL LENGTH SIZING 2DIE SET, please refer to the manufacturer's contact information provided in the product packaging or on the manufacturer's website.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your RIFLE 2 DIE SET. Always prioritize safety in your reloading practices.
