

## 2 CAVITY RIFLE BULLET MOLDS - LEE PRECISION 30 CALIBER (0.309") 150GR FLAT NOSE DOUBLE CAVITY MOLD

[Reloading](#) > [Bullet Casting](#) > [Casting Moulds](#) > [Rifle Moulds](#)

All Lee mould blocks are made from aluminum because of its exceptional moulding qualities. All mould cavities are CNC machined for unmatched roundness and size control. All hollow base moulds are single cavity only as they have a self centering, automatic core pin for the fastest possible moulding. All moulds include handles and sprue plates.

### Attributes

- Name: [LEE PRECISION 30 CALIBER \(0.309"\) 150GR FLAT NOSE DOUBLE CAVITY MOLD](#)
- Manufacturer: [LEE PRECISION](#)
- Product no.: 100053299
- Mfr. No.: 90366
- Bullet Weight (Grains): 150
- Caliber: 30 Caliber
- Cavities: -
- Diameter (in): 0.309
- Delivery weight: 0.567kg
- Shipping height: 52mm
- Shipping width: 66mm
- Shipping length: 272mm
- UPC: 734307903664

# Safety Instruction Guide for 2 Cavity Rifle Bullet Molds

## Introduction

Thank you for choosing the 2 Cavity Rifle Bullet Molds by Lee Precision. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the product to avoid any potential hazards.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions to ensure safety.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage before use. Do not use if damaged.
- Use appropriate personal protective equipment (PPE) such as gloves and safety glasses during operation.
- Ensure that your workspace is clean, organized, and free from hazards.
- Report any unsafe conditions or accidents to the relevant authorities immediately.
- Check for recall updates on the EU's Safety Gate platform regularly.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of burns from hot surfaces during molding.
- Risk of injury from sharp edges or moving parts.
- Risk of chemical exposure from materials used in casting.

- **Avoiding Hazards:**

- Always allow the mold to cool down before handling.
- Use caution when handling the mold and any tools associated with it.
- Ensure proper ventilation when using materials that may emit fumes.
- Follow all safety guidelines for the materials being used in conjunction with the mold.

- **Age Specific Warnings:**

- This product is not intended for use by individuals under the age of 18.
- Ensure that only trained adults operate the product.

## Instructions for Installation and Usage

- **Installation:**

1. Ensure that the work area is clean and free from clutter.
2. Securely attach the mold to a stable work surface.
3. Ensure that all tools and materials needed for use are within reach.

- **Usage:**

1. Before using the mold, ensure it is clean and free from debris.
2. Preheat the mold according to the manufacturer's recommendations.
3. Carefully pour the molten material into the mold cavities, avoiding overfilling.
4. Allow the material to cool and solidify as per the instructions.

5. Once cooled, carefully remove the bullet from the mold.
6. Clean the mold after each use to maintain its quality and safety.

## **Disposal Instructions**

- Dispose of any unused materials and waste in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local waste management authorities for proper disposal methods for aluminum and other materials used.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety or use of this product, please refer to the manufacturer's website or contact the manufacturer's customer support team.

Thank you for prioritizing safety while using the 2 Cavity Rifle Bullet Molds by Lee Precision. Your adherence to these guidelines helps ensure a safe and enjoyable experience.
