Safety Instruction Guide for CARBIDE SIZER DIES LEE PRECISION 45ACP FULL LENGTH SIZING DIE ONLY CARBIDE

Introduction

Thank you for choosing the Lee Carbide Full Length Sizing Die for your reloading needs. This product is designed to provide safe and efficient sizing for straight wall cartridges, specifically the .45 Auto (ACP). Please read this safety instruction guide thoroughly to ensure proper use and handling of the product, in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the user manual before using the product.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any visible damage before use. Do not use if damaged.
- Store the dies in a dry and secure location to prevent unauthorized access.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Regularly check for product recalls on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that you are wearing appropriate personal protective equipment (PPE), such as safety glasses, when using the sizing die.
- Always work in a wellventilated area to avoid inhaling any dust or particles.
- Do not exceed the recommended specifications for the cartridge being used.
- Avoid using the dies with any lubricants, as carbide dies are designed to operate without lube.
- Follow the manufacturer's instructions for cleaning and maintenance to ensure the longevity of the product.
- Be cautious of sharp edges and moving parts when handling the die.

Instructions for Installation and Usage

1. Installation:

- Ensure that the reloading press is securely mounted and stable.
- Remove the sizing die from its packaging and inspect it for any damage.
- Insert the sizing die into the reloading press according to the press's instructions.
- Tighten the die securely to prevent movement during operation.

2. Usage:

- Prepare your .45 Auto (ACP) brass cases by ensuring they are clean and free from obstructions.
- Insert a brass case into the shell holder of the reloading press.
- Pull the handle of the press to lower the sizing die onto the brass case.
- Raise the handle to complete the sizing process, ensuring the die fully sizes the case.
- Remove the sized case and repeat the process for additional cases as needed.

3. PostUsage:

- After use, clean the die according to the manufacturer's recommendations.
- Store the die in a protective case or original packaging to prevent damage.

Disposal Instructions

- Dispose of the product in accordance with local regulations for metal and hazardous waste.
- Do not dispose of the product in household waste.
- Consider recycling options for the metal components if applicable.

Contact Information for Further Support

For any inquiries or support regarding the product, please refer to the manufacturer's contact information provided in the product packaging or user manual.

By following these safety instructions, you can ensure a safe and effective reloading experience with the Lee Carbide Full Length Sizing Die. Thank you for your attention to safety and compliance.
