38 SUPER CARBIDE 3-DIE SET - RCBS 38 SUPER CARBIDE 3-DIE SET

RCBS pioneered and developed 3-Die Sets for straight-wall rifle and pistol cases. The 38 Super Auto Carbide Sizer Die sizes the case and de-primes (the carbide sizer ring eliminates the need to lubricate). The Expander Die expands the case to the proper diameter to accept the bullet, and it imparts case mouth flare/bell for bullet feeding. The Seater Die seats the bullet and roll crimps.

Attributes

- Name: RCBS 38 SUPER CARBIDE 3-DIE SET
- Manufacturer: RCBS
- Product no.: 100060076
- Mfr. No.: 20215
- Cartridge: 38 Super
- Delivery weight: 0.454kg
- UPC: 076683202154

RCBS 38 Super Carbide 3Die Set Safety Instructions

Introduction

Thank you for choosing the RCBS 38 Super Carbide 3Die Set. This product is designed to help you safely and effectively reload your ammunition. Please read this safety instruction guide carefully to ensure proper use and compliance with safety regulations.

General Safety Guidelines

- Always wear appropriate safety gear, including safety glasses and hearing protection, when using reloading equipment.
- Keep your work area clean and organized to avoid accidents.
- Store all components, including the dies, in a secure location away from children and unauthorized users.
- Follow all local laws and regulations regarding ammunition reloading and usage.
- Be aware of the potential hazards associated with reloading, including the risk of injury from handling tools and materials.

Specific Safety Precautions for Use

- Ensure that the press and dies are securely mounted before use to prevent movement during reloading.
- Always inspect your dies for damage or wear before use. Do not use damaged equipment.
- Use only the recommended cartridge cases and components specified for the 38 Super die set.
- Avoid overloading cases, as this can lead to dangerous pressures and potential malfunctions.
- Do not leave reloading equipment unattended while in use.
- Be cautious when handling primers and powder; keep them away from heat sources and open flames.

Instructions for Installation and Usage

1. **Installation of the Dies:**

   - Ensure that your reloading press is securely mounted.
   - Install the Carbide Sizer Die into the press, following the manufacturer's instructions.
   - Install the Expander Die, ensuring it is adjusted to expand the case mouth correctly.
   - Install the Seater Die, adjusting it to seat the bullet at the desired depth.

2. **Reloading Process:**

   - Start by sizing the cases using the Carbide Sizer Die. This will remove the spent primer and resize the case.
   - After sizing, expand the case mouth using the Expander Die to prepare it for bullet insertion.
   - Insert the bullet into the case mouth and use the Seater Die to seat the bullet to the correct depth. Ensure that it is seated firmly.
   - Roll crimp the bullet using the Seater Die if required for your specific application.

3. **PostReloading:**

   - Inspect each round for proper seating and crimping before use.
   - Store completed ammunition in a safe and secure location.

Disposal Instructions

- Dispose of any unused or damaged components according to local regulations.
- Do not dispose of primers or powder in regular trash. Follow hazardous waste disposal guidelines for these materials.

Contact Information for Further Support

For any safety inquiries or additional support regarding the RCBS 38 Super Carbide 3Die Set, please refer to the contact information provided with your product packaging. Always ensure that you are following the latest safety guidelines and regulations.

Thank you for prioritizing safety. Enjoy your reloading experience!
