

45 COLT 3-DIE SET - RCBS 45 COLT 3-DIE SET

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

The 45 Long Colt 3-Die Roll Crimp Set is for loading straight-wall cartridges. Its steel Sizer Die sizes the case and de-primers. Note: Cases must be lubricated. The Expander Die expands the case to the proper diameter to accept the bullet, and it imparts case mouth flare/bell for bullet feeding. The Seater Die seats the bullet and roll crimps.

Attributes

- Name: [RCBS 45 COLT 3-DIE SET](#)

45 COLT 3DIE SET Safety Instruction Guide

Introduction

Thank you for choosing the 45 Long Colt 3Die Roll Crimp Set by RCBS. This product is designed for loading straightwall cartridges safely and effectively. Please read this safety instruction guide carefully to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always handle the 45 Colt 3Die Set with care and follow all safety instructions.
- Ensure that all components are in good condition before use. Inspect for any signs of wear or damage.
- Keep the workspace clean and organized to prevent accidents.
- Store the dies in a safe place, out of reach of children and pets.
- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling materials and during the loading process.
- Follow all local laws and regulations regarding ammunition reloading.

Specific Safety Precautions for Use

- **Lubrication:** Always lubricate cases before sizing to prevent sticking and damage to the die.
- **Bullet Compatibility:** Ensure that the bullet used is compatible with the expanded case diameter.
- **Die Adjustment:** Make adjustments to the dies carefully and follow the manufacturer's recommendations to avoid incorrect bullet seating or crimping.
- **Workspace Safety:** Do not work in a cluttered or distracting environment. Ensure that all tools and materials are within easy reach.
- **DistractionFree Zone:** Avoid distractions while reloading. Do not engage in conversations or multitask during the loading process.

Instructions for Installation and Usage

1. Setup:

- Secure the reloading press to a stable workbench.
- Install the Sizer Die into the press and adjust according to the manufacturer's instructions.
- Install the Expander Die and adjust to achieve the desired case mouth flare.
- Install the Seater Die and ensure it is set to seat the bullet correctly.

2. Loading Procedure:

- Lubricate the cases thoroughly before placing them into the Sizer Die.
- Size and deprime the cases using the Sizer Die.
- Remove the sized cases and check for proper sizing.
- Insert the cases into the Expander Die to flare the case mouth.
- After expanding, check the diameter of the cases to ensure they meet specifications.
- Insert the bullet into the flared case mouth and place it into the Seater Die.
- Adjust the Seater Die to achieve the correct bullet seating depth and roll crimp.
- Inspect the completed rounds for proper crimp and bullet seating.

3. Final Inspection:

- Conduct a visual inspection of all loaded cartridges.
- Ensure there are no signs of damage or improper assembly.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of any hazardous materials in regular waste.
- Check local guidelines for safe disposal of ammunition components.

Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the manufacturer's official website or customer support channels. Always ensure you have the latest updates on product recalls or safety notices.

Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the 45 Long Colt 3Die Roll Crimp Set. Always prioritize safety and compliance with applicable regulations. Thank you for choosing RCBS.
