

PLHV2-18650 WEAPON LIGHTS - MODLITE SYSTEMS PLHV2-18650 COMPLETE LIGHT FDE

[Shooting Accessories](#) > [Flashlights & Accessories](#) > [Weapon Lights](#)

This Modlite PLHV2 18650 weapon light package contains a PLHV2-light head, 18650 body and the option of a tail cap or without a tail cap. It also includes a single KeepPower 3500mAh 18650 battery and a XTAR MC2 charger. (Item 100-042-503 does not include a tail cap or charger) This light is a large step forward from the PLHV1 light. Lumen output is about the same, but throw is greatly improved. It is the best balance of flood and throw available. If you are looking for the best overall output and throw this is the package you want. Features Cool White 5700K emitter tint Made and assembled in the USA Drivers are fully potted and tested to withstand select fire SCAR 17 recoil. Lifetime guarantee Approximately 1350 out the front lumens and candela is approximately 54,000. It is an excellent overall light head good for indoor or outdoor use. 6061 Series Alum bezel with Mil-Spec Hard Anodizing. Ultra clear BOROFLOAT® lens allows 98-99% light transmittance. Lithium CR123 cells are not supported and if used will cause the cells to heat up and possibly explode or catch fire. Modlite recommends the KeepPower 18650 high drain cells. Runtime is about 75 minutes with the supplied 18650 cells.

Safety Instruction Guide for PLHV218650 Weapon Lights Modlite Systems

Introduction

Thank you for choosing the PLHV218650 Weapon Lights from Modlite Systems. This guide provides essential safety instructions to ensure the safe and effective use of your new weapon light. Please read this document carefully before using the product.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the weapon light by following all safety instructions.
- **Enhanced Recalls:** Stay informed about any recall notices. If a recall occurs, free remedies will be provided for dangerous products.
- **Online Shopping:** If purchased online, ensure that the seller complies with safety requirements equivalent to physical stores.
- **Special Consumer Focus:** Be aware that extra safeguards are in place for vulnerable groups, including children.
- **EU Contact Point:** For safety inquiries, contact information for support is available from the retailer or manufacturer.
- **Rapid Alerts:** Be vigilant for updates on unsafe products through the EU's Safety Gate system.

Specific Safety Precautions for Use

- **Battery Safety:**
 - Use only the recommended KeepPower 18650 high drain cells.
 - Do not use Lithium CR123 cells, as this may cause overheating, explosion, or fire.
- **Light Usage:**
 - Avoid direct eye exposure to the light beam.
 - Do not modify or disassemble the weapon light.
- **Environmental Considerations:**
 - Do not expose the weapon light to extreme temperatures or wet conditions.
 - Ensure the weapon light is securely mounted to avoid accidental dislodging during use.
- **Child Safety:**
 - Keep the weapon light and its components out of the reach of children.

Instructions for Installation and Usage

1. Installation:

- Ensure the weapon light is turned off before installation.
- Attach the PLHV2 light head to the 18650 body by aligning the threads and twisting until secure.
- If using a tail cap, attach it to the rear of the body until tight.
- Ensure the battery is properly inserted with the positive terminal facing the head of the light.

2. Usage:

- To turn on the weapon light, press the switch located on the tail cap.
- For momentary activation, press and hold the switch; release to turn off.
- For constant activation, press the switch fully until it clicks.
- Use the weapon light in lowlight conditions for optimal visibility.
- The light has a lumen output of approximately 1350, providing excellent illumination for indoor and outdoor use.

3. Maintenance:

- Regularly inspect the weapon light for any signs of damage.
- Clean the lens with a soft, dry cloth to maintain optimal light transmittance.
- Store the weapon light in a cool, dry place when not in use.

Disposal Instructions

- Dispose of the weapon light and batteries in accordance with local regulations.
- Do not dispose of batteries in fire, as this may cause an explosion.
- Recycle the weapon light components where facilities exist to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the PLHV218650 Weapon Lights, please refer to the contact information provided by your retailer or manufacturer. It is important to reach out for assistance if you experience any issues or have safety inquiries.

Thank you for your attention to these safety instructions. Enjoy the use of your PLHV218650 Weapon Lights responsibly and safely.
