RIFLE 2 DIE SETS LEE PRECISION .243 WSSM PACESETTER FULL LENGTH SIZING 2DIE SET Safety Instructions

Introduction

Thank you for choosing the RIFLE 2 DIE SETS LEE PRECISION .243 WSSM PACESETTER FULL LENGTH SIZING 2DIE SET. This product is designed for reloading ammunition safely and effectively. Please read and follow these safety instructions to ensure safe use and compliance with EU regulations.

General Safety Guidelines

- Always handle all reloading equipment with care and respect.
- Ensure you are familiar with the operation of this die set before use.
- Store the die set in a dry and secure location, away from children and unauthorized users.
- Regularly inspect the die set for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the reloading of ammunition.
- Use only the recommended components and materials specified for this die set.

Specific Safety Precautions for Use

- Wear appropriate safety gear, including safety glasses and gloves, during reloading.
- Ensure that your work area is wellventilated to avoid inhalation of any dust or fumes.
- Keep all reloading components, such as powder and primers, away from heat sources and open flames.
- Avoid distractions while reloading to maintain focus and accuracy.
- Never exceed the recommended load data for your specific cartridge.
- Be aware of the potential hazards associated with handling gunpowder and primers.

Instructions for Installation and Usage

1. Setup:

- Gather all necessary tools and materials, including the die set, reloading press, cases, powder, and bullets.
- Ensure your reloading press is securely mounted and in good working condition.

2. Installing the Dies:

- Remove the die set from its packaging and inspect for damage.
- Install the Full Length Sizing Die into the reloading press according to the manufacturer's instructions.
- Install the Bullet Seating Die in the same manner.

3. Reloading Process:

- Begin by resizing the brass cases using the Full Length Sizing Die. Follow the specific instructions provided with the die for proper operation.
- Measure and adjust the die settings as necessary to achieve the desired bullet seating depth.
- Charge each case with the appropriate amount of powder as per the load data.
- Seat the bullets using the Bullet Seating Die, ensuring they are securely positioned.

4. Final Inspection:

- Inspect each cartridge for proper seating and overall quality before use.
- Store completed cartridges in a safe and organized manner.

Disposal Instructions

- Dispose of any unused components and packaging materials in accordance with local waste disposal regulations.
- Ensure that any hazardous materials, such as spent primers and gunpowder, are disposed of safely and in compliance with local laws.

Contact Information for Further Support

For any safety inquiries or concerns, please refer to the EUbased contact point provided with your product documentation. Report any unsafe products or accidents to the appropriate authorities and check for recall updates on the EU's Safety Gate platform.

Thank you for prioritizing safety while using the RIFLE 2 DIE SETS LEE PRECISION .243 WSSM PACESETTER FULL LENGTH SIZING 2DIE SET. Your careful attention to these guidelines helps ensure a safe and enjoyable reloading experience.
