RCBS ULTRASONIC/ROTARY CASE CLEANING SOLUTION

The RCBS Ultrasonic/Rotary Case Cleaning Solution is a must-have for anyone who uses the RCBS Ultrasonic Case Cleaner. It penetrates deep into the small crevices and hard-to-reach areas of your cartridge cases, ensuring that they are thoroughly cleaned. This solution is designed to quickly and effectively remove tarnish, carbon buildup, and metal oxides from cartridge cases, leaving them sparkling clean and ready for reloading. The RCBS Ultrasonic/Rotary Case Cleaning Solution is also an excellent choice for those who use a rotary-style case cleaner. It works just as well in this type of cleaner and can help users achieve excellent results every time. Designed for use with the RCBS® Ultrasonic Case Cleaner, the RCBS Ultrasonic/Rotary Case Cleaning Solution quickly removes tarnish, carbon buildup and metal oxides from cartridge cases. The specialized formulation cleans brass cases inside and out, including the primer pockets (spent primers must be removed), producing a bright, professional-grade finish. Ultrasonic/Rotary Case Cleaning Solution is non-corrosive and non-combustible, making it safe and easy to use. One quart of the concentrated solution makes 10 gallons of cleaning mix, and it comes with a built-in measuring cup for use with all brands of ultrasonic cleaners. The Ultrasonic/Rotary Concentrate Solution has anti-tarnish protection and works with rotary style cleaners.

RCBS Ultrasonic Case Cleaner Safety Instructions

Introduction

Thank you for choosing the RCBS Ultrasonic Case Cleaner. This product is designed to effectively clean brass cases for reloading. To ensure your safety and the optimal performance of the cleaner, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always use the product according to the manufacturer's instructions.
- Ensure the product is used in a wellventilated area.
- Keep the product out of reach of children and pets.
- Do not operate the cleaner without the appropriate cleaning solution.
- Regularly check for any signs of damage to the product before use.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

• Hazard Identification:

- Risk of electric shock if the product is used improperly.
- Use of cleaning solutions may pose health risks if ingested or improperly handled.

• Avoiding Hazards:

- Do not immerse the device in water or any other liquid.
- Do not operate the unit if the power cord or plug is damaged.
- Ensure the cleaner is placed on a stable surface to prevent tipping.
- Do not use the ultrasonic cleaner for cleaning food items or other nonreloading materials.
- Always wear appropriate protective gear, such as gloves and goggles, when handling cleaning solutions.

• Age Specific Warnings:

- This product is not intended for use by children. Adult supervision is required when the product is in use.

Instructions for Installation and Usage

1. Setting Up the Cleaner:

- Place the ultrasonic case cleaner on a flat, stable surface.
- Ensure that the power cord is plugged into a suitable electrical outlet.
- Fill the tank with water and add the RCBS Ultrasonic Case Cleaning Solution according to the manufacturer's instructions.

2. Operating the Cleaner:

- Turn on the cleaner using the userfriendly keypad.
- Select the appropriate cleaning cycle as per the instructions.
- Monitor the cleaning process to ensure it is functioning correctly.

3. After Use:

- Once the cleaning cycle is complete, turn off the device.
- Carefully remove the cleaned brass cases using gloves to avoid contact with any residual cleaning solution.
- Allow the cleaner to cool down before cleaning or storing.

Disposal Instructions

- Dispose of any unused cleaning solution according to local regulations.
- Do not pour cleaning solutions down the drain unless specifically permitted by local waste management guidelines.
- Dispose of the ultrasonic cleaner in accordance with local electronic waste disposal regulations.

Contact Information for Further Support

For any questions or concerns regarding the product, please reach out to the appropriate contact point in your region. Ensure you have the product details ready for reference.

Thank you for following these safety guidelines. Enjoy using your RCBS Ultrasonic Case Cleaner responsibly and safely!
