

AR SERIES SMALL BASE TAPER CRIMP DIE SETS - RCBS 300 AAC BLACKOUT FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

A must for the progressive reloader. The RCBS AR Series Die Set features a Small Base sizing die and a Taper Crimp seating die. This combination makes reloading easier for AR-style or semi-auto shooters. The Small Base sizer guarantees that the cartridge will rechamber. The Taper Crimp Seater is more forgiving when various case lengths are loaded at the same time. Case neck crimp bulges and buckled shoulders are virtually eliminated when Taper crimping is used with cannellured bullets.

Attributes

Safety Instruction Guide for RCBS AR Series Small Base Taper Crimp Die Sets

Introduction

Thank you for choosing the RCBS AR Series Small Base Taper Crimp Die Sets for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of this product. It complies with the EU General Product Safety Regulation (GPSR) to protect consumers and promote safe practices.

General Safety Guidelines

- Ensure that the die set is used only for its intended purpose of reloading 300 AAC Blackout cartridges.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment and components.
- Keep the die set out of reach of children and unauthorized users.
- Regularly inspect the die set for any signs of damage or wear before each use.
- Follow all local laws and regulations regarding ammunition reloading and usage.

Specific Safety Precautions for Use

- **Hazard Awareness:**
 - Be aware of potential hazards such as:
 - Improperly sized cartridges can lead to feeding issues or misfires.
 - Inadequate crimping may result in bullet movement during handling or firing.
- **Handling:**
 - Always handle reloading components with care to avoid accidental ignition or damage.
 - Avoid using excessive force when operating the dies to prevent injury or equipment damage.
- **Environment:**
 - Use the die set in a wellventilated area to minimize exposure to dust and fumes from reloading materials.
- **Storage:**
 - Store the die set in a dry, cool place to prevent rust and deterioration.
 - Ensure that all components are securely stored to avoid accidental mixing or contamination.

Instructions for Installation and Usage

1. Setup:

- Ensure your reloading press is compatible with the RCBS AR Series Die Set.
- Clean the press and dies before installation to remove any debris or contaminants.

2. Installation:

- Install the Small Base sizing die into your reloading press according to the manufacturer's instructions.
- Adjust the die to the proper height for sizing the cartridge cases.
- Install the Taper Crimp seating die in the same manner, ensuring it is set to achieve the desired crimp on the bullet.

3. Reloading Process:

- Begin by resizing the cartridge cases using the Small Base sizing die.
- Inspect each case for proper sizing before proceeding.

- Charge the cases with the appropriate amount of powder, following safe reloading practices.
- Seat the bullets using the Taper Crimp seating die, ensuring a proper fit without excessive force.
- Inspect the completed cartridges for consistency in length and crimp.

4. PostReloading Inspection:

- Check each cartridge for proper crimp and bullet seating.
- Store completed ammunition in a safe and organized manner.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of reloading materials or cartridges in regular household waste.
- Contact local authorities or recycling centers for proper disposal methods of hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the RCBS AR Series Small Base Taper Crimp Die Sets, please refer to the contact information provided on the packaging or visit the manufacturer's website for more resources.

By following these safety instructions and guidelines, you can ensure a safe and successful reloading experience with the RCBS AR Series Small Base Taper Crimp Die Sets. Always prioritize safety and adhere to best practices in reloading.
